President del Valle provided the following remarks:

I want to open the meeting by talking about the importance of the census. The CPS Census Strategy is driven by the core question, "How do we ensure everyone is counted?" It is a districtwide initiative, but we are partnering with the City and all of our sister agencies on this, I want to highlight something CPS is doing that I think is incredibly impactful.

Tomorrow, the Department of Social Science and Civic Engagement will be holding a School Team Census convening with 17 different schools. This initiative is part of the strategy to ensure we are supporting schools located in Hard to Count Communities as defined by the Census.

Each school is bringing a team comprised of students, teachers, and administrators to learn about the Census and its importance. Analyze the count data relevant to their neighborhoods, and design action plans with a partner that is already doing census work in their communities. Then, these schools will implement their action plans and work to ensure everyone is counted. This initiative leverages our students' expertise and knowledge of their community and the important work of our community partners to make a real impact and ensure that everyone is counted.

This type of partnership and ground game will make a real difference in the Census count. This work is critically important, and I'm very proud of the work that CPS has done around making these connections and bringing all of the parties to the table to make sure once again that everyone gets counted. I also want to take this opportunity to recognize the CPS Inspector General, Nick Schuler. This will be IG Schuler's last Board meeting with CPS. Nick, thank you for your years of service to Chicago Public Schools and the City of Chicago. Under your tenure, and the expansion of your role in the last few years, you and your staff have had a significant effect on CPS operations. We will hear from IG Schuler later, but I wanted to make sure to acknowledge his service as this will be his last meeting.

AMEND BOARD REPORT 08-0123-PO1
COMPENSATION AND PAY PLAN POLICY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education ("Board") amend Board Report 17-1206-PO3 Compensation and Pay Plan Policy.

PURPOSE: On December 17, 2017, the policy was amended to establish policies with respect to compensation and pay of Board employees and to replace former Board Rules 4-1.1 and 4-28 which were repealed August 24, 2005. This The December 2017 amendment will align policy to current practice for salary increases to (1) remove the 10% cap for salary increases; (2) include specific reference to eligibility for Clinical and Juris Doctorate Degrees for Lane VI; and (3) update specific reference to "Office of Human Resources" and rename as Talent Office throughout.

The purpose of this February 2020 amendment is to (1) increase the step credit for newly hired and experienced teachers; (2) enable continuously employed existing teachers to be granted a limited, one-time step adjustment for uncredited years of teaching experience prior to their date of first hire; and (3) include guidance counselors with all other clinicians allowed to use continuing education credits for increased lane credit. In addition, various outdated information has been updated.

POLICY TEXT:

I. **Schedule of Basic Salaries.** As contemporaneously as possible with the start of each fiscal year, the Chief Talent Officer shall establish a schedule of basic salaries for all positions, which may include flat rated pay tables and/or salary schedules with lane and/or step progressions. The Schedule of Basic Salaries shall be consistent with annual wage resolutions adopted by the Board. Employees shall be placed on the appropriate pay table or salary schedule at the time of hire and may be transferred to a different pay table or salary schedule upon promotion, transfer or reclassification of the position. **RESCIND BOARD REPORT 00-0223-PO1
AND ADOPT A NEW ACQUISITION, OWNERSHIP, CONSERVATION, AND MAINTENANCE
OF THE CHICAGO PUBLIC SCHOOLS' WORKS OF ART POLICY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education ("Board") rescind Board Report 00-0223-PO1 and Adopt a New Acquisition, Ownership, Conservation, and Maintenance of the Chicago Public Schools' Works of Art Policy.

PURPOSE:

The rationale for rescinding and adopting a new policy is to broaden the scope of the policy to include a clearer focus on equity and to ensure the districts' fine art collection has oversight from the appropriate CPS departments.

The Board owns an extensive collection of artworks distributed throughout Chicago Public Schools ("CPS") elementary school, high school, and administrative facilities across the City that are considered to be fine art (the "Collection"). The Board considers this Collection an integral part of ensuring a holistic and student-centered school environment and should be utilized in classroom curriculum and instruction across content areas to support the Board's goal of providing equitable access to high-quality arts education to every CPS student and furthering the development of their artistic literacy.

The Board is committed to maintaining, documenting, expanding, and preserving its Collection by ensuring:

1. Assessment services are performed to document the subject matter, medium, artist, location and condition of each work of art included in the Collection.
2. Cataloging processes are implemented to disseminate the gathered assessment data and to create a centralized, digital resource
3. Resources are acquired for valuation, conservation, maintenance, and recovery of individual works of art and the collection as a whole.
4. Commissions of new public artworks are prioritized and are based on an equity audit of Works of Art allocated to each school or administrative building.

The Board of Education designates the following CPS Departments to coordinate and manage the Collection: Department of Arts Education ("DAE"), the Department of Capital Planning and Construction ("CPC"), and Department of Facilities ("DF"), also known as the Board's "Designees."

However, WPA owned artwork, subject to the approval of the GSA, may be relocated or permanently loaned to another public entity. WPA art in CPS facilities or school buildings may be WPA art may be temporarily removed for safety reasons or if being displayed under conditions that pose a potential threat to the physical condition of the artwork, upon approval by the Board's Designees. The Board will cooperate with the Fine Arts Office of The General Service Administration in its efforts to catalogue WPA-produced art.

V. **Acquisition of Works of Art**

Any qualifying works of art acquired by a Board employee on behalf of the Board or on behalf of any CPS school, whether by purchase, commission, or donation, will be made in compliance with all Board rules and policies, and are the property of the Board. In accordance with the Policy for Acceptance of School Based Grants and Gifts (04-1027-PO1) and 105 ILCS 5/16-1 of the Illinois School Code, the title to a gift or donation of any artwork to an individual school is vested in the Board. All gifts of art to the Chicago Public Schools will be accepted as unrestricted gifts unless restrictions are formally documented and agreed upon by both the donor and Chicago Public Schools at the time of deed of gift.

Acquisitions must meet all of the following tests of acquisition before being acquired by the Board of Education:

1. Before accepting a gift, publicizing a commission, or initiating a participatory art process with a CPS vendor, a CPS school will report this requested action to the Board's Designees.
2. The Designees will review this request to ensure compliance with all relevant Board policies and procedures, determine any major maintenance costs, and that all potential acquisitions, including public art, comply with the current design, fabrication, and installation specifications established by the Board's Designees.
3. The Department of Arts Education will review this request to ensure any potential acquisition is in accordance with the CPS Vision, core values, and the mission statement of the Collection referenced in Section II. The Department of Arts Education may bring in internal or external expert opinion to assist in this determination at their discretion.
4. The Board's Designees will present these findings to CPS Risk Management and Law Department to ensure that any potential acquisition can be protected and preserved appropriately, that all proper agreements can be put in place, and all legal implications of the acquisition have been considered.
5. The Designees will communicate the acquisition decision back to the school. If the acquisition is approved, the school will receive instructions on how to proceed.
6. Once the piece is installed and/or the project is complete, the Board's Designees will catalogue the piece for inclusion in the digital archive, including all relevant documentation. Should additional appraisal services be required to properly insure a piece, the Board's Designees may appoint an external vendor to conduct these services.

3. Any funds received from the sale of deaccessioned Works of Arts from the Board's Collection will be used to fund arts education or other acquisitions for the Collection.
4. If the Work of Art is identified as part of the WPA collection, the Board's Designees, if approved by the Board, will work with the Fine Arts Office of the General Service Administration to return the Work of Art to federal government possession.

VII. Equity Within the Collection

Steering Committee Review Process for Specific Works of Art

The Board recognizes that works of art reflect the unique time, place, and artistic point of view during which it was created. As such, pieces within the Collection may contain depictions of peoples, concepts, and context that some may find objectionable. The Board and its Designees will assemble a diverse and representative steering committee that will conduct a quarterly review process through which concerns about a given work of art may be voiced and action recommended to members of the Board. Recommendations must be specific, in keeping with all Board policies, the mission statement of the collection, the limitations of the WPA collection and any other legal restrictions, and with due respect given to artistic license. Equity Audits

As part of their annual report to the Board, the Board's Designees will conduct an annual equity audit of the Collection that presents areas of strength and areas of need around cultural representation and resource equity within the Collection.

Commissions of New Works of Art

The Board's Designees may request funds for the commission of new works of art to be awarded to CPS schools and administrative sites based on the results of the equity audit, any new or planned construction, steering committee recommendation, and other such partnership opportunities. In alignment with the districts M/WBE goals, the Board's Designees will support schools and employees in sourcing and contracting with artists and vendors that reflect Chicago's unique history and communities.

VIII. Maintenance, Cataloguing, and Conservation of the Collection

The Board's Designees must:

- ensure that all Works of Art are installed and labeled or, if not displayed, are properly protected and stored. The Designees may appoint a Collection Manager or similar outside consultant to ensure that the Collection is inspected, labeled, catalogued, and photo documented.
- provide written procedures and proper training for monitoring, handling and care of collections to schools and administrative offices.
- ensure that newly commissioned works of art, including public art, comply with the current design, fabrication, and installation specifications established by the Board's Designees.
- annually report to the Board and the CPS Department of Risk Management on each work of art in the Collection. The report will be cumulative and will provide information regarding:
 - any new acquisitions to or deaccessions from the Collection;
 - the present location and state of each work of art within the Collection as determined by latest Facilities Assessment or full fine art assessment as outlined in Section XI;
 - identification of any loss or theft of a work of art or insurance claimed;
 - an Equity audit as detailed in Section VII;
 - recommendations regarding any necessary relocation, repair, appraisal, or maintenance as determined by assessment and equity audit;
- maintain a digital catalogue of all works contained in the Collection that includes high-resolution photography of the Collection,
- ensure individual schools and centralized projects properly protect Works of Art during any renovation or construction project.
- develop emergency plans for preservation or recovery of the Collection in disaster plans

IX. Loan and Modifications of Works of Art

No work of art included in the Collection may be temporarily or permanently loaned, sold, donated, modified, painted over, or otherwise altered without the written authorization of the Board's Designees. Any action taken without the express authorization of the Board's Designees may result in the revocation of the works of art from a given property. Any proposed changes to a Work of Art or its location must be received in writing from a given school or administrative site to the Board's Designees. The Board's Designees will review and will approve or deny the request in keeping with all Board policies, the mission statement of the Collection, all of the Board's design specifications, the limitations of the WPA collection and any other legal restrictions, and with due respect given to artistic license.

X. Promotion, Display, and Research

Subject to all applicable local, state and federal laws and Board policies, the Board's Designees may promote the Collection, including, but not limited to, approving exhibitions internally at a CPS facility and or externally at a non-CPS facility. Any exhibition of CPS Works of Art must be under the sole auspices of the Board or in partnership with another entity under terms and conditions favorable to CPS including, but not necessarily limited to, the following:

- the Board's Designees agrees to, or maintains control over, the manner and location in which the art is displayed;
- the partner assumes liability for any damages caused to the works of art in transit or in the course of display at a non-CPS facility, including the facilitation of the return of the work of art to CPS's possession.
- the title of the exhibition and any promotion and advertising of the exhibition must indicate that it is an exhibition of the CPS Collection. Any work of art temporarily removed from the location where it is normally displayed for the purpose of loaning or exhibiting the artwork elsewhere will be documented in the digital catalogue. The loaned art may be replaced by another work from the collection until such time as the loaned/exhibited work is returned to CPS' possession.

XI. Conservation and Insurance

The Board must insure the Collection against loss or damage. Losses or damage to any works in the collection must be reported immediately in writing to the Board's Designees, and must utilize the Board's current incident reporting system. Theft of any work of art that qualifies for inclusion in the Collection must also be reported immediately to the Chicago Police Department and a police report documenting the theft filed. Copies of any reports must be provided to the Board's Designees, the Office of Risk Management, Law Department, and the CEO's Office within seven (7) days of the date of filing.

In addition, the Board commits to the ongoing maintenance, regular inspection of, and necessary repair and restoration of the Collection. Therefore, consistent with these objectives:

- The Collection will be maintained in the best possible condition and funding may be requested in order to ensure this;
- Locations of pieces within the Collection will be confirmed through bi-annual building assessments conducted by the Board's Designee's.
- All Works of Arts within the Collection must be examined every 5 years through a full fine art assessment to evaluate the physical condition and to confirm the location of each individual work.
- The Board requires individual schools and administrative sites possessing, displaying or storing any part of the Collection to safeguard works in their possession from theft or damage, especially in the course of any renovation or construction project that might impact a given work. This includes the inclusion of protection provisions in any bid.
- The decision to conduct major restoration or repair of any part of the Collection displayed or stored in schools must be the sole discretion of the Board.
- No individual or group of individuals that are part of the faculty, staff, parent, student, or community group associated with the school may remove or modify any artwork from the school's property in which it is displayed or stored without prior written consent of the Board.

20-0226-PO3

**RESCIND BOARD REPORT 08-0723-PO3
BEHAVIORAL INTERVENTIONS, PHYSICAL RESTRAINTS AND ISOLATED TIME OUTS FOR
STUDENTS WITH DISABILITIES
AND
ADOPT AN INTERIM FINAL PHYSICAL RESTRAINTS AND TIME OUTS POLICY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board rescind Board Report 08-0723-PO3 and adopt interim final policy as set forth below and will determine any permanent change after the public comment period. The Physical Restraints and Time Outs Policy was adopted on an interim basis at the December 11, 2019 Board Meeting and was subject to public comment from December 16, 2019 to January 15, 2020 (Board Report 19-1211-PO5).

PURPOSE: The purpose of this new policy is to comply with emergency action taken by the Illinois State Board of Education ("ISBE") to ban the use of seclusion and certain physical restraints in Illinois schools and to improve data collection on all instances of time out and physical restraint. ISBE filed emergency rules effective November 20, 2019 (23 Ill. Adm. C. 1.285) and as amended on December 4, 2019. This policy sets forth requirements, restrictions and procedures related to the use of physical restraints and time-outs for all Chicago Public Schools students in accordance with ISBE's emergency rules.

POLICY TEXT:**i. General**

- A.** Time out and physical restraint as defined in Emergency Rule 23 Ill. Adm. C. 1.285 shall be used only for therapeutic purposes, or as a means of maintaining a safe environment for learning, to the extent necessary to preserve the safety of students and others.
- B.** Neither time-out nor physical restraint shall be used as a form of punishment.
- C.** When a student experiences three instances of nontherapeutic time out or physical restraint, the school personnel who initiated, monitored, and supervised the incidents shall initiate a review of the effectiveness of the procedures used and prepare an individual behavior plan for the student that provides either for continued use of these interventions or for the use of other, specified interventions. The plan shall be placed into the student's temporary student record. The review shall also consider the student's potential need for an alternative program or for special education eligibility, or, for a student already eligible for special education, change in program.
- D.** Any adult who is supervising a student in time out or applying physical restraint shall be trained in de-escalation, restorative practices, and behavior management practices.

ii. Physical Restraint

- A.** Physical Restraint means holding a student or otherwise restricting the student's movements. Physical restraint as permitted pursuant to Emergency Rule 23 Ill. Adm. C. 1.285 includes only the use of specific, planned techniques (e.g., the "basket hold" and "team control"). A physical restraint shall not impair a student's ability to breathe or speak normally. Prone or supine physical restraint shall not be permitted, except if all the following criteria is met:
 - 1)** Before using a prone or supine physical restraint, the District or other entity serving the student shall review and determine if there are no known medical or psychological limitations that contraindicate the use of a prone or supine restraint.
 - 2)** The District or other entity serving the student deems the situation an emergency, defined as a situation in which immediate intervention is needed to protect a student or other individual from imminent danger of causing serious physical harm to himself, herself, or others and less restrictive and intrusive interventions have been tried and proven ineffective in stopping the imminent danger.
 - 3)** Prone or supine physical restraint is used in a manner that does not restrict or impair a student's ability to breathe or communicate normally, obstruct a student's airway, or interfere with a student's primary mode of communication.
 - 4)** Prone or supine physical restraints are used only by personnel with 5required credentials who have completed required training under this Policy.
 - 5)** Prone and supine restraints are used only if those interventions are the least restrictive and intrusive interventions to address the emergency and stop the imminent danger of serious physical harm to the student or others. During each incident, one school staff person trained in identifying the signs of distress must be assigned to observe the student during the entire incident. That staff person may not be involved in the physical holding of the student. The number of staff involved in physically restraining the student may not exceed the number necessary to safely hold the student.

- 6) The prone or supine physical restraint ends immediately when the threat of imminent serious physical harm ends, but in no event shall prone or supine physical restraint last longer than 30 minutes. If, after 30 minutes, the emergency has not resolved or if an additional emergency arises the same school day that meets the standards under Section II. A. 2. , a school administrator, in consultation with a psychologist, social worker, nurse, or behavior specialist may authorize the continuation of the restraint or an additional prone or supine restraint. No restraint may be continued nor may additional restraints be applied unless it is authorized by a school administrator.
- 7) If the student is restrained in a prone or supine physical restraint in at least two (2) separate instances within a 30-school day period, the school personnel who initiated, monitored, and supervised the incidents shall initiate a review of the effectiveness of the procedures used. If the personnel involved in the restraints do not include a psychologist, social worker, nurse, or behavior specialist, at least one of those staff members must be included in the review. The review must include, but is not limited to:
 - a) conducting or reviewing a functional behavioral analysis, reviewing data, considering developing additional or revised positive behavioral interventions and supports, considering actions to reduce the use of restrictive procedures, or, if applicable, modifying the individualized educational program or the behavior intervention plan, as appropriate; and
 - b) reviewing any known medical or psychological limitations that contraindicate the use of a restrictive procedure, considering whether to prohibit that restrictive procedure, and, if applicable, documenting any prohibition in the individualized education program or behavior intervention plan
- B. For students with disabilities, the use of a Physical Restraint must be authorized by, and included in, a student's IEP where deemed appropriate by the student's IEP team. A Physical Restraint shall be used in compliance with a student's IEP. Physical Restraints shall not be used as a means of punishment.
- C. The use of Physical Restraints is prohibited except when ~~(i) authorized by the IEP,~~ ~~(ii) (i)~~ used by trained school staff, ~~(iii) (ii)~~ a student poses a physical risk to himself, herself, staff or others, and/or ~~(iv) (iii)~~ use of the restraint is not known to be medically contraindicated. Only trained security personnel or other staff who have been appropriately trained in the safe application of Physical Restraints may employ a Physical Restraint with a student.
- D. Effective November 20, 2019, all school staff are required to document any use of physical restraint using the form titled "Physical Restraint and Time-Out Form" attached and available on the ISBE website at <https://www.isbe.net/Documents/11-01-Physical-Restraint-Time-Out-Form.pdf>. The completed form must be:
 - 1) sent to the student's parents or guardians within 24 hours of the use of physical restraint;
 - 2) uploaded into the student's Aspen records (and if a student with disabilities, uploaded into SSM);
 - 3) emailed to CPS ODLSS Department at restrainttimeout@cps.edu; and
 - 4) emailed to ISBE at restrainttimeout@isbe.net within 48 hours of the use of physical restraint.
- E. Nothing herein prevents school personnel from employing a momentary physical intervention in accordance with the Board's Policy on Momentary Physical Interventions with Students.

III. Time-Out

- A. "Time-out" means a behavior management technique that involves the monitored separation of a student from classmates with a trained adult for part of the school day, usually for a brief time, in a non-locked setting.
- B. Effective November 20, 2019, all school staff are required to document any use of time-out using the form titled "Physical Restraint and Time Out Form" attached and available on the ISBE website at <https://www.isbe.net/Documents/11-01-Physical-Restraint-Time-Out-Form.pdf>. The completed form must be:
 - 1) sent to the student's parents or guardians within 24 hours of the use of time out;
 - 2) uploaded into the student's Aspen records (and if a student with disabilities, uploaded into SSM);
 - 3) emailed to CPS ODLSS Department at restrainttimeout@cps.edu; and
 - 4) emailed to ISBE at restrainttimeout@isbe.net within 48 hours of the use of time out.
- C. A trained adult who is responsible for supervising the student must remain with the student at all times during the time out. A student shall not be kept in time out for longer than is therapeutically necessary. No less than once every 15 minutes, the trained adult must assess whether the student has ceased presenting the specific behavior for which the time out was imposed.
- D. Use of isolated time-out is prohibited.

IV. Compliance

School staff shall employ physical restraints and time-outs in accordance with the requirements of this policy and the procedures and guidelines issued by the Chief Executive Officer or designee. These guidelines will include the process the district will use to evaluate any incident that results in an injury to the affected student and an annual review of the use of time-out or physical restraint by CPS school staff.

Employees that violate this Policy, or the procedures and guidelines issued by the Chief Executive Officer or designee, are subject to discipline in accordance with the Board's Employee and Due Process Policy.

PROGRAM DESCRIPTION: Payments cover a fraction of tuition for authorized CPS teachers enrolled in courses at participating universities under the ESL/Bilingual Endorsement Initiative. The ESL/Bilingual Endorsement Initiative provides an opportunity for CPS teachers to pursue an ESL or bilingual endorsement so that English Learners (ELs) in CPS are taught by qualified educators who are able to meet their unique need. Providing an opportunity, for teachers, to earn an ESL or bilingual endorsement is critical to ensuring that all CPS students receive appropriate support and have access to high quality, rigorous education. This initiative is essential for the district to meet state and federal regulations regarding the education of English Learners. It is OLCE's vision that every English Learner in CPS is taught by an appropriately licensed and endorsed teacher. Offering cohorts of teachers the opportunity to engage in the coursework together, to collaborate, and to learn with and from each other is an important step towards actualizing the vision.

PARTICIPANTS: Participants in the ESL/Bilingual Endorsement Initiative coursework will include CPS teachers who possess an IL teaching license, have demonstrated leadership skills, and desire to obtain an ESL or Bilingual Endorsement to support ELs in CPS. Participants will commit to a twenty-four (24) month sequence of courses, to teaching at CPS for at least two years after obtaining their ESL or bilingual endorsement, maintaining at least 90% attendance, and a grade of B or higher in every course,

In addition, the ESL/Bilingual Endorsement Initiative is aligned to our district goals of ensuring that every child has access to high quality teaching and learning in alignment with the Common Core State Standards (CCSS). All teachers who enroll in these courses will benefit by developing their expertise in using instructional strategies and providing support to ELs. This will provide students with access to rigorous content in order to CCSS standards.

OUTCOMES: The ESL/Bilingual Endorsement Initiative will result in an increased number of qualified and endorsed teachers of ELs in our district. This initiative supports the CPS Bilingual Education Policy by providing ELs the opportunity to learn English and develop their native language.

OUTCOMES:

Vendor's services will result in:

Effective Teaching/Instructional Material Integration: Teachers and librarians can use an integrated library system for a multitude of purposes, from posting reading lists, bibliographies and pathfinders online to creating easy title searches by reading program. Furthermore, library professionals are freed from the time consuming task of manually performing the circulation and cataloging functions of running a library. This change enables them to spend more time working with students and collaborating with teachers.

Collection Development: Schools and the Board can use the system to identify collection gaps, determine collection age, and understand resource usage trends, thereby driving better purchase decisions. In addition, librarians can electronically share collection information with other librarians considering similar purchases.

Library Automation: An integrated library system will provide benefits on two levels. First, all schools will have a state-of-the-art fully maintained system. Second, a centralized system will relieve librarians and tech coordinators of the time-consuming administrative tasks associated with independent systems, such as the purchasing of systems and servers, installing upgrades and backing-up data.

Use of Online Resources: CPS libraries currently invest \$155,000 of grant funds annually in online subscription databases (e.g., Gale/Cengage, Encyclopedia Britannica). An integrated library system will increase the use of these databases, as they can be included in a variety of searches, thereby dramatically expanding the quantity of resources that students use.

Coordination of Library Technology with other technology in the school: The centralized system will interface with other district-wide and school databases, such as Aspen. Furthermore, students and educators will be able to access the library from all school classrooms with an internet connection, transforming a basic computer into a virtual extension of the library.

Grant Applications and Implementation: Most library grant applications require detailed information about library collections and trends. Furthermore, the ability to be accountable for specific goals is a major driver of success in attaining grants. Without library automation, even basic questions such as "number of books in collection" or "percent increase in circulation" are nearly impossible to answer without a manual count. A centralized system will allow both schools and districts to instantly address these questions with pre-developed reports.

Coordination of school and public library resources and services: A centralized system is a prerequisite for coordination among schools and with the public library system, as it enables searching of all schools' and, potentially, the Chicago Public Library's records. In addition, the system can be used to loan resources across the district.

TERM:

The term of this agreement shall commence on ~~December 1, 2019~~ March 1, 2020 and shall end ~~October 31, 2020~~ February 28, 2021. This agreement shall have two (2) options to renew for periods of one (1) year each.

EARLY TERMINATION RIGHT:

The Board shall have the right to terminate this agreement with 30 days written notice.

SCOPE OF SERVICES:

At the request of the Board's Office of Inspector General, Vendor shall review and assess investigation files pertaining to allegations of sexual misconduct committed by CPS employees. Vendor will prepare progress reports and a final summary report identifying areas of concern for further review and/or remedial action. In addition, the OIG may direct Vendor to perform additional investigative work for cases requiring further investigation.

The core objective of the case review is to assess the effectiveness and appropriateness of the prior investigations (including compliance with Title IX). Vendor will proactively review cases to identify critical cases which involve victims in need of further support services, potential risks for future misconduct, or which require further investigation or prosecution. If, at any time, Vendor identifies a situation where the current physical or sexual safety of a student or minor may be in question, Vendor will immediately notify the OIG.

DELIVERABLES:

Vendor will review case files according to established review protocol and prepare monthly progress reports summarizing its findings and identifying areas of concern for further review and/or remedial action. Vendor will complete review of case and provide a summary report containing analysis and identifying critical cases. Vendor will provide investigative plans for all cases where OIG has determined additional investigative work required. Vendor will then conduct investigative work as requested by the OIG to ensure cases are sufficiently investigated and resolved. Vendor will prepare investigative report summarizing its investigative work when required.

OUTCOMES:

Vendor's services will result in a thorough and independent review of all identified CPS sexual abuse investigations of sexual misconduct committed by CPS employees from 2000 through 2018. Upon completion of Vendor's case review and reports, CPS will gain insight into effectiveness and appropriateness of the prior investigations. Vendor's reinvestigation of cases, if needed, will ensure that all necessary corrective actions are taken.
