Guidelines for Public Participation at Meetings of the Chicago Board of Education

The following Guidelines for Public Participation are issued by the President of the Board of Education of the City of Chicago ("Board President" and "Board") in accordance with Board Rule 2-4.1. These Guidelines replace the Guidelines that were in effect August 2023.

Speaker Sign Up and Equity of Voice

Members of the public, employees of the District, Local School Council members and members of other groups wishing to speak must register in advance of the day of the meeting or by such other time noted in the meeting agenda published by the Board.

Unless otherwise noted in the notice for the Agenda Review Committee "ARC" meeting, Advance Speaker Registration will open the Monday preceding the ARC meeting at 10:30 a.m. and close Tuesday at 5:00 p.m., or until all slots are filled. Advance registration during this period is available by the following methods:

- Online: www.cpsboe.org (recommended)
- Phone: (773) 553-1600

Unless otherwise noted in the notice for the Board meeting, Advance Speaker Registration will open the Tuesday preceding the Board meeting at 10:30 a.m. and close Wednesday at 5:00 p.m., or until all slots are filled. Advance registration during this period is available by the following methods:

Online: www.cpsboe.org (recommended)
Phone: (773) 553-1600

To ensure equity of access to address the Board, an individual may not speak at two (2) consecutive Board meetings. In the event an individual registers to speak at a consecutive Board meeting, the individual will not be called to address the Board. Speakers called by the Board Secretary may not cede their time to another person. We thank you for your cooperation in helping to ensure all voices are heard at Board meetings. This requirement does not apply to Public Hearings conducted by the Board.

Number of Speakers

The Board will allocate no more than 30 speaking slots to members of the general public to speak to the Board. Speakers who registered via the Advance Registration process will have the option to attend in person at the location of the Board meeting or via electronic/telephonic means. Registered speakers will receive instructions for Board meeting participation. Each speaker will be allocated up to two (2) minutes to speak.

Observing the Board Meeting

Members of the public, employees of the District, Local School Council members and members of other groups may view the Board meeting via live stream by selecting "Watch live" on the Board's website at www.cpsboe.org, or by registering in advance to observe in person to assure their seat.

Advance registration will open the Monday preceding the ARC meeting and Tuesday preceding the Board meeting at 10:30 a.m. and close Tuesday for the ARC meeting and Wednesday for the Board meeting at 5:00 p.m., or until all advance slots are filled. Advanced registration is available online at www.cpsboe.org, by calling 773-553-1600, or in person at 1 North Dearborn, Suite 950.

There are 100 observer slots available for advance registration. If advance observer registration has filled or has closed, same-day, in-person observer registration is also available. Same-day, in-person registration begins at 10:15 a.m. the day of the ARC meeting and Board meeting in the lobby at 42 W. Madison (unless otherwise indicated). Please be aware that same-day, in-person observer registration is taken on a first come first served basis, and registrations will be taken as open seats are available.

Guidelines for Public Participation at Meetings of the Chicago Board of Education

Public Officials

City, State and Federal public officials may request speaker time by contacting the Department of Intergovernmental Affairs at IGA@cps.edu. The Board Secretary at the discretion of the President may call City, State and Federal officials to speak at any time as appropriate.

Interpreters

An interpreter will be provided for those speakers who wish to make their remarks in Spanish. Speakers who wish to make their remarks in a language other than English or Spanish must notify the Board Office at least two (2) business days prior to the Board meeting to request an interpreter. While speakers may choose to address the Board in Spanish, they will need to provide a written version of their statement the day prior to the meeting if they wish to have it translated into English during the meeting. Speakers who do not provide this statement may still address the Board, but their statements will be translated and shared with Board Members at a later time.

Accommodations

Individuals with a physical impairment that substantially limits one or more major life activity who require an accommodation, auxiliary aid and/or other services to participate in a Board meeting must notify the Board Office at (773) 553-1600 at least two (2) business days prior to the meeting to request the accommodation, auxiliary aid and/or other service. Sign language interpretation is available upon request without prior notice.

Order of Speakers

The Board Secretary may group speakers according to a particular topic and may call certain speakers out of numerical order so that all comments regarding a particular topic may be heard together. Speakers called by the Board Secretary may not cede their time to another person. We thank you for your cooperation in helping to ensure all voices are heard at Board meetings.

Speaker Remarks and Submissions

When called by the Board Secretary, speakers will have two (2) minutes to present their remarks and materials to the Board. Speakers must end their presentation upon the request of the Board Secretary when their time is up to allow the next speaker to begin. All public presentations must be limited to issues of concern before the Board and/or related to the Chicago Public Schools. Comments of a personal nature, unrelated to the operations of Board or CPS, directed towards individual Board members, employees of the Board or any other individual are not permitted. It is the meeting chair's prerogative to limit the discussion of any speaker to allow for broad and diverse public participation.

Written Comments

Registered speakers and any member of the general public may submit written comments by completing the Written Comments Form on the Board's website at www.cpsboe.org or US Mail to 1 N. Dearborn, Suite 950, Chicago IL 60602. Unless otherwise noted in the public notice for the Board meeting, written comments must be submitted between the posting of the Board meeting agenda and 5 p.m. the day after the Board meeting for consideration by Board members and inclusion in the meeting proceedings.

Behavior

The Board values and welcomes courteous, respectful, and civil behavior from all speakers and all persons attending a Board meeting. The Board expects speakers to limit statements to those relating to the operations of the Board or CPS and refrain from comments of a personal nature, unrelated to the operations of the Board and CPS. It is the meeting chair's prerogative to limit the discussion of any speaker to allow for broad and diverse public participation. Profane language, unsolicited comments, and disruptive behavior are prohibited. Individuals who are disruptive may be given a warning and may also be removed from the

Guidelines for Public Participation at Meetings of the Chicago Board of Education

meeting, if necessary. If any individual is removed from a meeting as a result of disruptive behavior, then the individual may forfeit their right of reentry to future Board meetings.

Restrictions

Current or prospective vendors wishing to present products or services for purchase should not use the public participation portion of a Board meeting for this purpose. Hand-held posters and placards are not allowed in the Board Room.

Recordings

The Board records the public participation portion of each Board meeting. The Board reserves the right to edit any and all portions of the recording from each monthly meeting. These recordings are aired on local cable channels for the convenience of the public. Members of the public can copy any portion of the public participation or business portion of the meeting from the televised broadcast or from www.cpsboe.org.

Media

An area of the Board Room will be designated for members of the media who wish to cover the Board meeting. This number will be limited in order to accommodate as many public participants as possible. Guidelines and requirements for media access to Board meetings are issued by the Office of Communications.

RESOLUTION AUTHORIZING EXPENDITURES AT BEGINNING OF FISCAL YEAR 2025

WHEREAS, pursuant to Section 34-43 of the Illinois School Code (the "Code"), the Chicago Board of Education (the "Board") is required to adopt an annual school budget for each fiscal year of the Board no later than 60 days after the beginning of the fiscal year of the Board to which such budget relates; and

WHEREAS, the Board is to bring educational stability to the system and is empowered and directed by the General Assembly pursuant to the provisions of Section 34-3.3 of the Code to: (i) increase the quality of educational services in the Chicago Public Schools; (ii) reduce the cost of non-educational services and implement cost-saving measures including the privatization of services where deemed appropriate; and (iii) streamline and strengthen the management of the system, including a responsible school-based budgeting process, in order to focus resources on student achievement; and

WHEREAS, the Board is also to bring financial stability to the system and is empowered and directed by the General Assembly pursuant to the provisions of Section 34-3.3 of the Code to develop a long-term financial plan that, to the maximum extent possible, reflects a balanced budget for each fiscal year; and

WHEREAS, prior to the formal adoption of the budget for fiscal year 2025, the Board will incur expenditures necessary for the operation of the school system at the beginning of said fiscal year; and

WHEREAS, in order to allow the orderly and efficient operation of the system for the benefit of the school children, it is appropriate for the Board to authorize expenditures prior to the adoption of the fiscal year 2025 annual school budget; and

WHEREAS, the Board's Debt Management Policy, Section 404.1 (Board Report 13-0724-PO1), authorizes the Board to use its operating funds to establish a reserve balance accounted for within the Debt Service funds to be used for any governmental purpose approved by the Board; and

WHEREAS, the Board's Debt Management Policy delegates authority to the Chief Financial Officer to authorize any transfer to or from Debt Service funds.

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO THAT:

Section 1. Findings. It is found, declared and determined as follows.

- (a) Expenditures in fiscal year 2025 for educational and legal purposes, including school funding allocations based on a need-based formula, which are necessary for the efficient operation of the Chicago Public School System prior to the adoption of the fiscal year 2025 annual school budget are authorized, subject to the limitations set forth in the Illinois School Code [105 ILCS 5/34-49] and the next succeeding paragraph.
- (b) Such expenditures for July and August 2024 (fiscal year 2025) will occur in accordance with the draft fiscal year 2025 capital and operating budget which is slated to be presented at the July or August Board Meeting and will be subject to appropriation in the fiscal year 2025 budget. Spending will not exceed fiscal year 2024 authority.
- (c) The Chief Financial Officer is hereby authorized to transfer and use Debt Service funds not otherwise restricted under bond documents for the purpose of operating and capital expenditures to support cash flow during the fiscal year. Transfers from the Debt Service funds for this purpose will be repaid from the next receipts of property tax revenues.

Section 2. Severability. To the extent that any prior resolution or policy of the Board (excluding Board Rules) is in conflict with the provisions of this Resolution, the provisions of this Resolution shall be controlling. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other provisions of this Resolution.

Section 3. Effectiveness. This Resolution is effective immediately upon its adoption and will remain in effect through August 29, 2024 or until the fiscal year 2025 budget is adopted by the Board if that is prior to August 29, 2024.

**RESOLUTION
AUTHORIZE APPOINTMENT OF MEMBERS TO THE ESSA TITLE I**

WHEREAS, Section 1116 of Title I of the Every Student Succeeds Act (“ESSA”) empowers and directs the Board of Education of the City of Chicago (“Board”) to seek parental input on the Board’s ESSA programming and expenditures; and

WHEREAS, Section 1116 of Title I of the Every Student Succeeds Act authorizes the establishment of a district-wide body comprised of parents of students participating in ESSA programs to provide advice on all matters related to parental involvement in programs conducted under Section 1116; and

WHEREAS, pursuant to Section 1116 of Title I and Board Report 18-1024-ED1, on October 24, 2018 the Board authorized the establishment of an ESSA Title I Parent Board of Governors (“PBG”) to act in an advisory capacity to the Board on matters relating to its ESSA programming, parental involvement activities and funds expenditures; and

WHEREAS, on October 24, 2018, the Board adopted by-laws of the PBG (Board Report 18-1024-ED1), which provided for the appointment of the original thirteen members, the thirteenth member who was appointed by the Office of Family and Community Engagement in Education (“FACE2”) (18-0926-PO1) and

WHEREAS, the PBG by-laws provide that the Board shall fill vacancies on the PBG by appointing parents of Chicago Public Schools ESSA Title I students, with consideration given to: racial and ethnic diversity; geographical diversity; ESSA Title I parent status; and representation of schools with both larger and smaller ESSA Title 1 programs; and

WHEREAS, five (5) PBG members have terms expiring on June 30, 2024, and

WHEREAS, one (1) PBG member will no longer have children enrolled in an ESSA Title I Chicago Public Schools and

WHEREAS two (2) PBG members were no longer able to fulfill their two-year commitment, thereby creating eight (8) vacant seats on the PBG, and

WHEREAS, after taking into consideration the factors set forth above, the Office of Family and Community Engagement in Education has recommended the individuals named on the attached Exhibit A for appointment to the PBG;

NOW, THEREFORE, BE IT RESOLVED:

1. The Title I parents named on the attached Exhibit A are hereby appointed to the ESSA Title I Parent Board of Governors for a 2-year term of office commencing July 1, 2024 and ending June 30, 2026.
2. This Resolution shall be effective immediately upon adoption.

RESOLUTION:

AUTHORIZE APPOINTMENT OF MEMBERS

TO LOCAL SCHOOL COUNCILS FOR THE NEW TERMS OF OFFICE

WHEREAS, the Illinois School Code, 105 ILCS 5/34-2.1, authorizes the Board of Education of the City of Chicago ("Board"), on a biennial basis, to appoint the teacher, non-teacher staff and school student members of local school councils of regular attendance centers for a new term of office after considering the preferences of the schools' staffs or students, as appropriate, for candidates for appointment as ascertained through binding and non-binding advisory polls;

WHEREAS, the Governance of Alternative and Small Schools Policy, Board Report 20-0325-PO1 ("Governance Policy"), authorizes the Board, on the same biennial basis, to appoint all members of the appointed local school councils and boards of governors of alternative and small schools (including military academy high schools) for a new term of office after considering candidates for appointment selected by the following methods and the Chief Executive Officer's recommendations of those or other candidates:

<u>Membership Category</u>	<u>Method of Candidate Selection</u>
Parent	Non-binding Advisory Poll of Parents or Recommendation by Principal and Network Officer
Community	Recommendation by serving LSC/Board or Principal and Network Officer
Advocate	Recommendation by serving LSC/Board or Principal and Network Officer
Teacher/JROTC Instructor	Non-binding Advisory Staff Poll
Non-Teacher Staff Member	Non-binding Advisory Staff Poll
Educational Expert	Recommendation by Principal and Network Officer
Student	Binding Student Polls and Non-binding Advisory Student Polls of schools with appointed local school councils and the student serving as Cadet Battalion Commander or Senior Cadet (service learning academy high schools)

WHEREAS, the established methods of selection of candidates for appointment to local school councils, and boards of governors for a new term of office were employed at the schools identified on the attached Exhibits A-D and the candidates selected through those methods and any other candidates recommended by the Chief Executive Officer, where appropriate, have been submitted to the Board for consideration for appointment;

WHEREAS, the Illinois School Code and the Governance Policy authorize the Board to appoint the students with the highest vote totals and to exercise absolute discretion in the appointment process of students in appointed councils and military academies and other candidates listed;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO:

1. The individuals identified on the attached Exhibits A-D are hereby appointed to serve in the specified categories on the traditional local school councils, appointed local schools and appointed boards of governors of the identified schools for the new terms of their respective offices.
2. This Resolution is effective immediately upon adoption.

**RESOLUTION RE: APPOINTMENT OF NEW MEMBERS
TO THE LOCAL SCHOOL COUNCIL ADVISORY BOARD
TO FILL VACANCIES FOR THE CURRENT TERM OF OFFICE**

WHEREAS, Public Act 89-15 empowered and directed the Chicago Board of Education ("Board") to establish a local school council advisory board comprised of local school council members to serve in an advisory role to the Chicago Board of Education and

WHEREAS, pursuant to Public Act 89-15, the Board established the Local School Council Advisory Board ("LSCAB") to serve in an advisory capacity to the Board on issues related to local school council elections, operations, powers and duties, and school improvement plans; as liaison between local school council members and senior staff and as advisor to the Board on other issues regarding the school district, as requested; and

WHEREAS, the Board established the LSCAB as a fifteen-member body to serve two year terms of office and

WHEREAS, the LSCAB Operational Guidelines provide that members must continue to maintain active membership on their Local School Council and, that membership on the LSCAB terminates automatically upon the termination of the Local School Council membership, and that vacancies shall be filled by the Board from among currently-serving Local School Council members;

WHEREAS, pursuant to the Operational Guidelines, the membership of the following LSCAB members has been terminated automatically due to loss of membership on their Local School Council, creating a vacancy on the LSCAB.

WHEREAS, the Board fills LSCAB vacancies by appointment, and the Office of Local School Council Relations has recommended the serving Local School Council members named below to fill the vacancies on the LSCAB:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION:

1. The Local School Council members identified below are hereby appointed to the Local School Council Advisory Board to fill the current vacancies on the LSCAB for the remainder of the current term of office, ending June 30, 2025.
2. This Resolution shall be effective immediately upon adoption.

AMEND THE TRAFFIC INJURY PREVENTION EDUCATION POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board amend Board Report 19-0327-PO1, the Traffic Injury Prevention Education Policy in response to the biennial policy review requirement.

PURPOSE: This policy will ensure compliance with Public Act 100-1056 which requires the district to adopt a policy to provide education on effective methods of preventing and avoiding traffic injuries related to walking and bicycling to students in grades Kindergarten through 8.

TEXT:

~~Beginning with the 2018-2019 School Year, CPS elementary schools shall annually provide education to students in grades Kindergarten through 8 on safe walking and biking and the prevention and avoidance of traffic injuries~~

Chicago Public Schools (CPS) elementary schools shall provide annual pedestrian and bicycle safety education to all students in grades Kindergarten through 8th Grade by the end of each school year.

This education will cover safe walking and biking practices, traffic rules and regulations, and strategies for preventing injuries when traveling on foot or by bicycle.

The pedestrian and bicycle safety curriculum will be delivered by the physical education and/or classroom teacher. The specific timing for completing this requirement will be determined by the designated teacher(s) in consultation with the school's administration to allow flexibility in integrating it appropriately into the school schedule and academic calendar.

The Chief Education Officer or designee is authorized to establish educational strategies, activities and best practices to ensure the effective delivery of traffic injury prevention education by CPS Elementary Schools.

**RESCIND BOARD REPORT 08-0625-PO1
FORMAL GOVERNANCE STRUCTURE FOR THE CHICAGO PUBLIC SCHOOLS' HEAD START
PROGRAM**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:

Rescind the following outdated Board Policy for the reason stated below:

<u>Board Report & Policy Section Numbers</u>	<u>Policy Name</u>	<u>Reason for Rescission</u>
08-0625-PO1, Policy 602.4	Formal Governance Structure for the Chicago Public Schools' Head Start Program	This policy should be rescinded to reflect the fact that Chicago Public Schools has not run Head Start programs for several years. All district run Pre-K programs are funded through the state's Early Childhood Block Grant.

Introduction

The Chicago Public Schools ("CPS") works with parents and community members to implement a high quality Head Start program ("the program"). The Chicago Department of Children and Youth Services ("CDCYS") receives Head Start and Early Head Start grant funds ("Head Start funds") from the United States Department of Health and Human Services. CDCYS, as a grantee agency, provides Head Start funds annually to the Chicago Board of Education ("Board") under a Delegate Agency Agreement. The governing structure for the program involves a sharing of responsibility between the Board (as a delegate agency), the management staff of the CPS Office of Early Childhood Education ("OECE") as defined in this policy to mean CPS Head Start Management staff and the CPS Early Childhood Education Officer, parents of Head Start students and concerned community members. By working in effective partnership, these parties can ensure that the program provides the effective early childhood education services that help prepare children for school. The purpose of this policy is to set forth the formal governing structures that are needed for the program to successfully provide early childhood education services to low-income children. The governing structures described herein represent those which previously have been used to ensure that the CPS Head Start program fulfills its mission of helping to prepare many of the city's children for school.

POLICY TEXT:

I. FORMAL GOVERNANCE STRUCTURE OF CHICAGO PUBLIC SCHOOLS' HEAD START PROGRAM

The federal regulations controlling the governance of the CPS Head Start program mandate that three parties work together to oversee the program. These parties are the delegate agency which is the Board; OECE Head Start Management staff; and the Head Start Policy Committee ("PC" or "committee"). The PC consists of parent representatives whose children are enrolled in Head Start, community representatives from the local community who are familiar with resources and services for low-income children and families, and a Board member representative.

A. The Board

The Board is the program's governing body and, as such, it has legal and fiscal

responsibility for administering the program. In order to facilitate communication and effective partnership between the Board and the PC on matters pertaining to governance of the program, the Board shall select one of its members to serve concurrent membership on the PC as a Board member representative. If the named Board member cannot attend a monthly meeting, he/she shall choose a designee to participate in the Policy Committee.

B. CPS Head Start Management Staff

The CPS Head Start Management staff shall have responsibility for all aspects of the day-to-day operations of the Head Start program. In addition, Head Start Management staff shall serve as a liaison between the Board and the PC by providing both groups with regular and accurate information about the operation of the Head Start program which may be needed for the parties to make informed governing decisions. Selected Head Start Management staff shall attend meetings of the PC as consultants, providing expert assistance to the committee as requested. Additionally, the Head Start Management staff shall provide members of the PC with training regarding such areas as budget and program planning and applying for program funding.

C. Policy Committee

The PC works in partnership with the Board and Head Start Management staff to effectively govern the program. PC parent and community representatives are elected annually to ensure wide parental and community participation in the program's governing process. The PC shall help to formulate the policies, goals and the philosophy for the Head Start program. The PC shall serve as a link between the Board, Head Start Management staff, public and private organizations, parents and the communities which the program serves.

II. PROCEDURES FOR SELECTING THE POLICY COMMITTEE

The following procedures shall govern the composition, selection and term of members to the Policy Committee:

A. Composition of the Policy Committee

The PC must include either parents, legal guardians, or foster parents of currently enrolled children and community members, with parents of currently enrolled students making up at least 51% of the representatives. The composition of the Head Start PC shall consist of the following:

1. Parents, legal guardians, or foster parents of students currently enrolled in the Head Start program who shall comprise at least two-thirds of the committee's membership;
2. Community representatives who shall comprise no more than one-seventh of the committee's membership and who shall be:
 - a. former Head Start parents, legal guardians, or foster parents who no longer have children in the program; or
 - b. members of the community who have a sincere interest in Head Start and can contribute to the work of the PC.
3. One Board member chosen by the Board to serve as a Board member representative to the PC. The Board member representative shall be a non-voting member of the PC.

No CPS or Board staff or members of their immediate families may serve on the PC except parents who occasionally substitute for regular program staff.

B. Term of Policy Committee Members

Individuals may serve on the PC as either a parent a community representative for no more

than three one-year terms on the PC. For example, an individual who has served two years as a parent representative may serve as a community representative for only one term.

1. Parent representatives may serve a total of three years on the PC based on the following guidelines:
 - a. terms shall start and end in October;
 - b. parent representatives may be elected for succeeding one-year terms totaling no more than three years, provided that they have a child currently enrolled in the CPS Head Start program at the time of each election.
2. Community representatives may serve as PC members for no more than three years based on the following guidelines:
 - a. terms shall start and end in October;
 - b. three years of service as a PC community representative may be served successively or intermittently.
3. The Board member representative shall serve as a PC member until such time as the Board appoints a new Board member representative to serve on the PC. If the Board member representative is not able to continue participation on the PC, the Board shall appoint a new Board member to serve on the PC.
4. Parent and Community Representative Vacancies

If a parent or community representative is not able to continue participation on the PC or a representative misses three consecutive PC meetings without providing notification, then the representative's position shall be considered vacant and the position shall be filled pursuant to the procedures described in (I)(C) below.

C. Procedures for selection of Policy Committee Members

1. Parent Representatives

The structure of parental involvement in the governance of Head Start ensures the participation of parents with children in the program. A Parent Committee assists in the governance of each Head Start center. Every Parent Committee elects a representative to one of the two Head Start areas (North and South). Finally, the PC enables parents, legal guardians and foster parents to work in partnership with the Board and Head Start Management staff to govern the CPS Head Start program.

The following procedures shall apply to the election of parent representatives to the PC:

- a. all parent representatives shall be elected from the representatives to the two Head Start areas;
- b. each of the areas shall elect fifteen (15) representatives to the PC;
- c. representatives selected to the PC by each Head Start area should be representative of the cultural and ethnic groups served by the Head Start centers within the area.

2. Community Representatives

The presence of community representatives on the PC assures that concerned community members and former Head Start parents, legal guardians and foster parents have the opportunity to participate in the governance of the program.

The following procedures shall apply to the selection of community representatives to the PC:

- a. five (5) community representatives shall be selected by the outgoing PC with nominations and selections for the new community representatives occurring during the last regular meeting of the outgoing PC which normally occurs in September
- b. nominees must provide to the PC relevant information regarding their background and interests, unless the nominee is a former PC community representative; present and former PC parent representatives who wish to be considered for positions as a PC community representative must present their qualifications to the PC

3. Board Member Representative

The presence of a Board member representative on the PC facilitates open communication between the PC and the Board. A member of the Chicago Board of Education shall be appointed by other members of the Board to serve as the Board member representative to the PC. The Board member representative will serve until such time as the Board designates a new Board member representative to serve on the PC.

III. GOVERNING AND MANAGEMENT RESPONSIBILITIES

The Board, Head Start Management staff, and the PC are responsible for working in partnership to govern the program effectively. Each of the parties also has specific governing responsibilities that it must fulfill. The areas of joint and individual group responsibility are set forth below.

A. Areas of Joint Responsibility

The Board, Head Start Management staff, and the PC shall work in partnership to develop, review, and approve or disapprove the following:

1. all funding applications and amendments to funding applications for Head Start, including administrative services, prior to the submission of such applications to the Chicago Department of Children and Youth Services, the program's grantee agency;

 - c. evaluating the appropriateness of early childhood curriculum, instructional and classroom materials, and recommending and facilitating the purchase of those materials deemed appropriate for children, and the delivery of the materials to program facilities and classrooms;
 - d. providing professional development services to program staff;
 - e. training parents involved in the program as volunteers and as PC representatives; and
 - f. developing models for delivery of program services to meet the needs of varying communities which include half-day, full-day and year-round early childhood education programs.
3. coordinating the program with other pre-school programs and with the primary elementary school grades in the city to ensure appropriate alignment of the CPS Head Start program with these other pre-school and elementary school programs;
4. monitoring the professional certification of program staff;
5. collecting data for studies evaluating program effectiveness;
6. assessing the progress of children in the program relative to local, state and

- 7. assisting in the development of legislation regarding Head Start and early childhood education;
- 8. evaluating the effectiveness of program staff;
- 9. providing recommendations regarding the hiring and termination of program staff;
- 10. providing expertise as consultants to the PC upon request;
- 11. reporting to the Board and the Chicago Department of Children and Youth Services on a regular basis regarding all aspects of the program's operations as well as the effectiveness and progress of the program in meeting its goals and objectives;
- 12. reporting to the Board annually regarding long and short-term program planning, community assessments of the program and the results of the program's self-assessment;
- 13. monitoring the program to ensure that it operates in compliance with all applicable Board policies and rules, and state and federal laws and regulations;
- 14. providing reimbursements for reasonable expenses incurred by PC representatives in the conduct of their duties as a means to ensure that low-income representatives are able to participate fully in the governance process; and
- 15. implementing procedures that ensure the provision of timely and accurate information to parents, staff, the PC, the Board and the general community regarding the operation of the CPS Head Start program.

D. Policy Committee Responsibilities

The PC shall be responsible for the following aspects of the program:

- 1. serving as a liaison between parents, legal guardians, and foster parents; the Board; the Chicago Department of Children and Youth Services; public and private organizations; and the communities served by the program;
- 2. working to ensure that parents, legal guardians, and foster parents participating in Head Start understand their rights; responsibilities; and opportunities with regard to the program;
- 3. assisting in planning, coordinating, and organizing activities for parents with the assistance of management staff, and ensuring that funds set aside from program budgets are used to support parent activities;
- 4. assisting with recruiting volunteer services from parents, community residents, and community organizations, and in mobilizing community resources to meet identified needs related to the program.

AQUATIC ACTIVITY SAFETY POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education amends Board Report 18-0627-PO2, Aquatic Activity Policy, in response to the biennial review required by Board Rule 2-6.

PURPOSE: This policy is revised to strengthen aquatic safety standards by specifying that aquatics teachers and coaches must become lifeguard certified and also by strengthening the required ~~lifeguard to swimmer~~ lifeguard-to-swimmer ratio. The safety standards established in this policy shall protect the ~~wellbeing~~ well-being of students, staff, visitors, licensees and community members using Chicago Public Schools (CPS) owned or rented aquatic facilities. The Board believes that swimming is an important life skill and seeks to promote student participation in swim instruction and other aquatic activities to acquire skills for their basic safety and survival and also for their lifelong health, wellness and enjoyment. This policy shall implement best practices for aquatic instructional and athletic activities.

POLICY TEXT:

I. APPLICABILITY: This policy applies to all aquatic activities at CPS-owned pools, whether by CPS or a third party and ~~also as well as~~ at pools and aquatic facilities or areas used by CPS for school-sponsored activities. The term “aquatic activities” in this policy includes swimming, wading, diving, water polo, and any other aquatic sport or athletic activity taking place on or in any pool, beach, lake, or other aquatic area or facility owned, leased, licensed, or used by any school, including those used by CPS students during approved student travel.

II. CPS POOL SCHOOLS: This Section applies to schools with pools ~~located~~ in their school building.

A. Pool Use for Swim Instruction – During School Day: During the school day, the pool shall be used for student instructional purposes. Non-instructional free swim or open swim activities are prohibited during the school day. CPS swim instruction shall utilize the most current *American Red Cross Learn to Swim Program*. The principal shall ensure that the following lifeguard and supervision requirements are met:

	Aquatic Certification Requirement	Other Requirements
1. Lifeguard On Duty	<ul style="list-style-type: none"> ● American Red Cross Lifeguard Certificate. Certificates from other organizations will be accepted only if they are of equivalent or better quality and approved by the CPS Health and Physical Education Department. 	<ul style="list-style-type: none"> ● At a 50 swimmers to 1 lifeguard ratio. ● Lifeguards are prohibited from also performing teaching, training, coaching, student supervision or other duties and responsibilities that may distract their attention from their lifeguard surveillance duties.
2. Physical Education Teacher, Coach Supervisor	<ul style="list-style-type: none"> ● Water Safety Instructor Certificate, and ● By September 1, 2020, must also possess an American Red Cross Lifeguard Certificate. and

(3) Notify Parent or Guardian(s) of the injured student

E. Charter School and Public Entity Use of CPS Pools: Notwithstanding Section II.D. of this policy, charter schools, the Chicago Park District and other third-party organizations may be authorized by the Board to use a CPS pool during the school day or during out-of-school time hours when such use is provided for in an agreement authorized by the Board. The terms of such agreements shall require compliance with the safety standards in this policy unless otherwise authorized by the Board.

III. CPS USE OF A THIRD-PARTY POOL OR AQUATIC FACILITY:

A. Regular Physical Education Swim Instruction: A school may use a local third-party pool for swim instruction (e.g. Chicago Park District, University) at the principal discretion. The principal shall ensure that *prior to* the school's use of a properly licensed third-party pool: (1) a lease or license agreement is in place with the third party in accordance with Board Rule ~~7-15b~~ 7-13b., or an intergovernmental agreement authorized by the Board is in place for use of the third-party pool, and (2) ensure compliance with the supervision, lifeguard and accommodation requirements set out Section II.A of this policy for swim instruction. A school who uses a local third-party pool for regular physical education swim instruction may, at the principal's discretion, use the same pool for out-of-school time extra-curricular aquatic activities and also for aquatic sports, provided the school complies with the supervision and lifeguard requirements set out Section II.B. (for extra-curricular activities) and Section II.C. (for sports) of this policy.

B. One-Time Swim Instruction: Instructional use of an outdoor education camp pool or other third-party pool in connection with a one-time student travel trip is permitted. The principal shall ensure that *prior to* the school's use of a properly licensed third-party pool: (1) a lease or license agreement is in place with the third party in accordance with Board Rule ~~7-15b~~ 7-13b., or an intergovernmental agreement authorized by the Board is in place for use of the third-party pool, and (2) ensure compliance with the supervision, lifeguard and accommodation requirements set out Section II.A of this policy for swim instruction. Recreational use of an outdoor education camp pool or other third-party pool in connection with a one-time student travel trip is prohibited.

C. Hotel Pools and Water Parks: Use of hotel pools and water parks is prohibited.

D. Student Aquatic Sport Competitions: When a school uses a third-party pool for an aquatic sports competition event, the lifeguard to swimmer ratio shall be subject to the requirements of the host pool/organization (e.g. IHSA, Special Olympics).

E. Accommodations: When the use of a third-party pool or aquatic facility is authorized, the principal or designee shall review each participating students' IEP/504 plan to determine (i) applicable accommodations that will be needed for the student to participate in aquatic activities, and (ii) any health conditions that may impact their participation in aquatic activities. If a student requires paraprofessional assistance to participate in an aquatic activity, the principal or designee shall ~~ensure a designated adult is provided for a student to participate in a school-sponsored student activity involving swimming~~ ensure a designated adult is provided for a student to participate in a school-sponsored student activity involving swimming per the IEP/504 plan.

F. Student Travel Approval: Requests for use of a third-party pool are subject to prior approval in accordance with the Board's Student Travel Policy. The principal or designee shall ensure that all required aquatic activity documentation is submitted as part of the trip approval process in accordance with the Student Travel Policy guidelines.

IV. BOATING AND USE OF OPEN WATER LOCATIONS (LAKE, RIVER, OCEAN, BEACH):

A. Small Boats: Competitive boating sports (e.g. bass fishing, sailing, row), instructional boating activities (e.g. kayak instruction, paddleboard instruction) and instructional activities involving small boats (e.g. kayak water ecology activity) are permitted when authorized by the Chief Education Officer or designee. When authorized, the supervision, lifeguard, student accommodation and activity safety requirements shall be established by the Chief Education Officer or designee.

Recreational activities in small boats (e.g. canoe, kayak, rowboats, paddleboards, sailboats etc.) ~~is~~ are prohibited.

B. Commercial Boats: School activities involving U.S. Coast Guard approved commercial boat charters (e.g. ferry boats, water taxi, tour boats) are permitted. For foreign student travel, a commercial boat charter must possess an equivalent to a U.S. Coast Guard approval in the country visited to be considered for approval.

C. Shoreline Swimming and Snorkeling: Instructional shoreline swimming and snorkeling activities at a Chicago Park District beach or other open water location (ocean, river, lake) including those related to water sport activities (e.g. triathlon) are permitted when authorized by the Chief Education Officer or designee. When authorized, the supervision, lifeguard, student accommodation and activity safety requirements shall be established by the Chief Education Officer or designee.

Recreational shoreline swimming and snorkeling in oceans, lakes, rivers or other open water locations is prohibited.

D. Student Travel Approval: Requests for boating or open water activities are subject to prior approval in accordance with the Board's Student Travel Policy. The principal or designee shall ensure that all required aquatic activity documentation is submitted as part of the trip approval process in accordance with the Student Travel Policy guidelines.

V. AQUATIC CERTIFICATION – CREDENTIAL COMPLIANCE: The principal shall obtain a copy of the current aquatic certificates for lifeguards, SECAs and also for staff teaching swim instruction or coaching a sport involving aquatic activity or supervising an aquatic activity and provide the certificates to the Chief Executive Officer or designee who will maintain the certificates on file. The principal shall instruct the aquatic certificate holder to renew required certification during their employment, so long as they engage in supervising water activities. Certificates must be issued by the American Red Cross. Certificates from other organizations will be accepted only if they are equivalentthey are of equivalent or better quality and approved by the CPS Health and Physical Education Department at the time of employment.

The principal or designee shall ensure that all required aquatic certification documentation is submitted as part of the trip approval process in accordance with the Student Travel Policy and Guidelines. The principal shall maintain copies of certification documents provided by third parties who use the school pool that reflect compliance with the following lifeguard and supervision requirements together with the rental documentation.

Nothing herein shall limit the authority of the Chief Executive Officer's authority to identify additional credentials requirements for lifeguards, teaching staff, coaches, paraprofessionals SECA's or aquatic activity supervisors for consistency with state or local laws.

VI. FACILITY COMPLIANCE:

Schools with pools on site shall operate and maintain their aquatic facility in compliance with the applicable state and local laws and licensing requirements. The Facilities Department shall maintain standards and operating procedures to ensure the proper maintenance of pools, safety equipment, and inspection of aquatic facilities. Schools with indoor pools must maintain high standards of environmental safety. This includes regular air quality monitoring, maintaining optimal humidity and temperature levels, and ensuring effective operation of HVAC systems. Emergency protocols for severe weather, power outages, and other relevant indoor environmental hazards must be established and practiced regularly. Staff should be trained in these protocols, and drills should be conducted at least bi-annually. Schools with indoor pools must maintain pool temperature required by the state between 76 degrees and -92 degrees, inclusive.

The Facilities Department shall make determinations whether a pool must be deactivated/de-activated in order for maintenance or corrective actions are taken.

VII. GUIDELINES: The Chief Education Officer or designee is authorized to establish and publish aquatic activity guidelines to ensure the effective implementation of this policy. At a minimum, the guidelines shall include standards, procedures, and requirements for pool signage, pool maintenance and inspection, safety equipment and procedures, aquatic instructor hiring and responsibilities, SECA hiring and responsibilities, lifeguard hiring and responsibilities, the use of student lifeguards, aquatic emergency action plan and drills, special education compliance, aquatic credential compliance and principal scheduling, religious accommodations, third-party rentals of CPS pools, parent notices and request for information, student safety vest requirements, aquatic activities during student travel including aquatic sports and same-day field trips and such other requirements as necessary. The aquatic activity guidelines will incorporate the pool-related standards and procedures established by other CPS departments including but not limited to Facilities, Real Estate, Sports Administration, Diverse Learners Supports and Services, as necessary. The principal and all school staff shall ensure compliance with this policy and related aquatic activity guidelines. For more detail information regarding certifications and expirations, please refer to the Aquatic Emergency Management Policy (AEMP)

VIII. OVERSIGHT AND SUPPORT: The Chief Education Officer or designee shall oversee school implementation and compliance with this policy and in doing so shall:

1. Provide technical assistance and support to assist schools with implementation of the policy and swim programming;
2. Ensure schools are offered support services through various CPS departments, including Facilities, Real Estate, Sports Administration, Diverse Learners Supports and Services to ensure the full implementation of this policy; and
3. Conduct yearly/periodic evaluations and report on district-wide and individual schools' compliance with the Policy.

The Chief Education Officer or designee shall ensure that continuous professional development opportunities are available for all aquatic staff. This includes annual refresher courses in lifesaving skills, first aid, CPR, and updates on best practices in aquatic safety, diversity and inclusion training, and mental health first aid.

IX. NON-DISCRIMINATION: Students with disabilities shall participate in aquatics programming in the same manner as their non-disabled peers. It is the Board's policy to ensure compliance with Title IX of the Education Act of 1972 in the provision of school-sponsored aquatic activities and equal opportunity to participate in such activities. Administration at the school/designee will ensure that all aquatic staff receive diversity, inclusion, and cultural competence training, focusing on creating an inclusive environment for all students, including those from diverse backgrounds and with varying abilities.

~~**X. EFFECTIVE DATE:** This policy shall rescind and replace the current Aquatic Activity Safety Policy adopted under Board Report 04-0324-PO2, effective September 1, 2018.~~

XI. VIOLATIONS: Employees who violate this policy or guidelines will be subject to disciplinary action, including discharge.

4. Any individual serving in a coaching capacity, regardless of the hours/week that the volunteer serves;
5. Any individual serving as a student teacher, pre-service teacher, pre-service clinician, or other pre-service practicum assignment regardless of the hours/week that the volunteer serves;
6. Any individual serving as a One-on-One tutor or mentor, regardless of the hours/week that the volunteer serves and regardless of the setting, whether online or in-person;
7. Any individual providing volunteer service with students when such service may occur in an unsupervised setting, regardless of the hours/week that the volunteer serves;
8. Any individual providing volunteer service for a program where the program's funding agency requires criminal record clearance, regardless of the hours/week that the volunteer serves; or
9. Any individual providing services to a school through an organization that is not charging the school for such services, and who is not otherwise subject to a criminal background check requirement found in a Board contract with said organization, except as specified in section I.B.3 below.

B. Level II Volunteer. A Level II Volunteer is:

1. A parent providing supervised volunteer service in their child's school or classroom for less than 10 hours/week;
2. Any individual providing volunteer service for less than 5 hours/week at a school where s/he does not have a child enrolled;
3. An individual providing one-day volunteer service with no ongoing individualized interaction with a student(s) including those who speak at a class/assembly, judge academic competitions, give musical performance, participate in the "Principal for a Day" program, job-shadowing event, corporate philanthropic event, organized community service event or other one-time event provided there is direct supervision of the activity/event by regular school employees;

4. A parent accompanying his/her child's class on a one-day field trip or another type of extra-curricular activity that does not involve an overnight stay; or
5. An individual providing volunteer service on projects/activities involving no or nominal contact with children (home-based volunteer activities, volunteers serving at Central or Network office).

II. Principal Responsibilities:

- A. For Level I and II Volunteers: The principal shall be responsible for all volunteers associated with their school, including those providing services outside of regular school hours.
 1. The principal is responsible for reviewing volunteer application forms from eligible prospective volunteers, completing an interview, as necessary, with the prospective volunteer or his/her sponsoring corporation or other organization and determining whether to recommend the individual for volunteer service to FACE². Decisions about recommending volunteers shall be made based on the needs and best interests of the school as determined by the principal. Each year, before any volunteer is permitted to provide services, the principal must require the volunteer candidate, including volunteers providing services under the sponsorship of a corporation or other organization, to complete an application through FACE² and must not permit the prospective volunteer to perform any services until FACE² has approved the prospective volunteer for service.
 2. Before allowing volunteers to perform services, Principals shall develop a schedule for every volunteer and, when services are performed, require all volunteers to record their start and end time each day of service.
 3. Principals must ensure that all volunteers are properly supervised and, with respect to Level II volunteers, are in line of sight of their supervisor.
 4. Principals have an ongoing responsibility to monitor the volunteers' activities once they've been approved and to ensure they are performing duties consistent with their Level I or Level II status.
 5. If a principal would like an approved Level II volunteer to perform Level I volunteer services, the principal must first re-submit the volunteer to FACE² to complete the Level I registration process. The principal shall ensure the volunteer does not provide Level I services until such time as the individual receives approved Level I status from FACE².
 6. Until such time as the Office of Safety and Security establishes a volunteer photo ID program, the principal shall establish a process to visibly identify individuals who are approved school volunteers (e.g. sticker badge). The principal shall ensure the volunteer wears the identification during the course of their volunteer service.
 7. The Principal shall ensure that their approved volunteers complete the ~~mandated volunteer~~ mandatory training requirements established by the Chief Executive Officer or designee. No individual shall be permitted to volunteer as a Level I or Level II volunteer for any CPS school or program until they have completed the mandatory training requirements, except that any hours spent completing mandatory training requirements may be counted toward the volunteer's hours for any program or partnership that connects CPS schools and volunteers.

- B. For Level II Volunteers: The principal must ensure that all Level II Volunteers are supervised by a responsible full-time school employee(s) who has the volunteer in his/her line of sight at all times and do not exceed the maximum number of hours or perform services above and beyond that of a Level II volunteer.
- C. Limits on Delegation: The principal may delegate the principal responsibilities identified in this policy only to a responsible Assistant Principal or licensed teacher and only if the principal establishes accountability measures to ensure the requirements of this policy are satisfied with fidelity.

III. **Office of Family and Community Engagement in Education (FACE²) Responsibilities:**

- A. For every volunteer application that is received, FACE² must:
 - 1. Confirm with the principal the type and nature of services the prospective volunteer will perform and the number of hours the volunteer will be providing said services to the school, including those hours and services performed outside of regular school hours;
 - 2. Request that the Office of Safety and Security perform a search to determine whether the volunteer applicant appears in any of the following Registries:
 - a) Nationwide Sex Offender Registry
 - b) Illinois Sex Offender Registry
 - c) Illinois Violent Offender and Murderer Against Youth Registry; and
 - 3. Request that the Office of Safety and Security perform a search to determine whether the volunteer applicant has been designated as ineligible for CPS re-hire ("DNH").
- B. For Level I Volunteer applicants, FACE² must:
 - 1. Inform the prospective volunteer that they must submit to a fingerprint-based background check through the Office of Safety and Security, which includes a criminal history check, a CPS employment history check, and check on finding of child abuse and neglect from the Department of Children and Family Services;
 - 2. Inform the principal and prospective volunteer in writing whether the prospective volunteer has cleared the requisite checks and mandatory training and is approved to volunteer; and
 - 3. Specify the services the volunteer is approved to perform and the number of hours the volunteer is approved to perform said services.
 - 4. Ensure that each volunteer is entered into the Board's mandatory training system, and assign all mandatory trainings to each volunteer. In the event that FACE² becomes aware of any volunteer that has not met these requirements, the volunteer will be immediately barred from working in a school until the training has been completed.
- C. For Level II Volunteer applicants, FACE² must:
 - 1. Inform the principal and volunteer candidate in writing whether the prospective volunteer has cleared the requisite checks and training requirements and is approved to volunteer; and
 - 2. Specify the services the volunteer is approved to perform and the number of hours the volunteer is approved to perform said services.

- IV. **Volunteer Application:** Prospective volunteers must register with FACE² by completing the required CPS volunteer application forms and satisfying the requirements of the applicant review process each year. Registration is valid for one year only. All volunteers must disclose whether they have been convicted of any criminal offense enumerated in

105 ILCS 5/34-18.5(c). Misrepresentation on any of the application forms or during the review process may result in immediate disqualification of a prospective volunteer.

An individual shall be deemed ineligible to volunteer if s/he has been:

- A. convicted of any criminal offense enumerated in 105 ILCS 5/34-18.5(c) of the Illinois School Code (“Enumerated Offense”);
- B. convicted of an offense that requires him/her to appear on a sex offender registry in any jurisdiction; or
- C. designated as ineligible for rehire by CPS.

An individual with an indicated finding from the Department of Children and Family Services or with a criminal offense that does not per se exclude them from volunteer service may be deemed ineligible to volunteer as determined by the Chief Executive Officer or designee.

- V. **Criminal Background Check:** As part of the review process, the prospective volunteer shall comply with the following criminal background check requirements:
 - A. A fingerprint criminal background check is required for all Level I Volunteers.
 - B. A fingerprint criminal background check is not required for Level II Volunteers, however a principal ~~or the Office of Safety and Security~~ may require a Level II Volunteer to submit to a fingerprint-based criminal background check.

To the extent any other Board rule, policy, contract or grant obligation requires an individual to submit to a criminal background check, this policy shall not be construed to limit or nullify such other requirement. Nothing herein prohibits the Chief Executive Officer or designee from requiring a criminal background check as needed to verify an individual’s qualifications to serve as a volunteer or to require a volunteer to complete an additional criminal background check. Nothing herein prohibits the Chief Executive Officer or designee from establishing a modified volunteer application and review process for any district-wide initiative that requires volunteer support.

- VI. **Guidelines:** The Chief Executive Officer or designee shall issue guidelines for the effective implementation of this policy including forms, timelines and protocols for volunteer applications, applicant review and completion of background checks. The guidelines may also include: (i) requirements for continuous volunteers to submit updated application forms or submit to a new background check, (ii) requirements for mandatory volunteer training, (iii) standards or restrictions regarding volunteer age or experience, (iv) standards and procedures for the revocation of a volunteer’s approved status, (v) any volunteer health exam(s) requirements, and (vi) any other requirements necessary to ensure the proper oversight of CPS volunteers.

AMEND THE CHARTER SCHOOL ACADEMIC ACCOUNTABILITY POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board of Education amends Board Report: 22-0928-PO1, the Charter School Academic Accountability Quality Policy to align with updates to state summative designation changes by the State Board of Education. This policy was posted for public comment from April 26, 2024 until May 30, 2024.

PURPOSE: To establish a system of academic accountability performance standards for district-authorized charter schools.

POLICY:

I. SCOPE:

This policy sets out broad charter school academic performance standards to ensure that (1) there is transparency regarding the expectations and standards for charter school academic performance and (2) the portfolio of charter schools available to Chicago families and students contains academically high-quality schools.

This policy must be considered when determining which charter schools are subject to contract revocation or non-renewal for failure to meet or make reasonable progress towards student academic achievement in accordance with Section 27A-9(c)(2) of the Illinois School Code. Nothing in this policy will prevent the CEO from ~~making recommendations for~~ recommending charter expansion or replication.

This policy does not apply to Options schools.

II. DEFINITIONS:

~~**Intensive Academic Support List:** Refers to the list maintained by the Chief Executive Officer (“CEO”) or designee that identifies charter schools or campuses failing to meet or make reasonable progress towards student academic achievement. A charter school or campus will be placed on the Intensive Academic Support List if the charter school or campus:~~

- ~~● Receives an ISBE Summative Designation of Underperforming (Targeted); or~~
- ~~● Receives an ISBE Summative Designation of Lowest Performing (Comprehensive)~~

~~If the charter school or campus on the Intensive Academic Support List achieves an ISBE Summative Designation of Commendable or Exemplary, the school or campus will be removed from the Intensive Academic Support List, regardless of its prior ISBE Summative Designation.~~

III. ACADEMIC ACCOUNTABILITY STANDARDS:

Charter schools will receive a status based on ISBE’s designations aligned to ESSA:

1. All schools designated “Exemplary” or “Commendable” by ISBE will be deemed to have met or be making reasonable progress toward student academic achievement standards in accordance with Section 27A-9(c)(2) of the Illinois School Code.
2. All schools designated “Targeted,” ~~or~~ “Comprehensive,” or “Intensive” by ISBE are subject to contract revocation or non-renewal for failure to meet or make reasonable progress toward student academic achievement in accordance with Section 27A-9(c)(2) of the Illinois School Code and will be placed on the Intensive Academic Support List (defined in Section IV below).

For schools that receive two separate summative designations from the state in a given year, the higher-performing designation will be used to determine their academic accountability status for renewal or non-renewal, but CPS may require a school improvement plan for a school’s grade cohort that receives a summative designation that would have placed it on the Intensive Academic Support List.

IV-III. STANDARDS FOR RENEWAL AND NON-RENEWAL:

Evaluation standards and the specific evaluation framework by which a charter school shall be evaluated shall be further defined and incorporated into the charter school’s charter agreement and called an “Accountability Plan.” Any charter school that has not executed a renewal agreement based on the Board’s most recent renewal authorization may be renewed for no more than 2 years.

~~School renewal recommendations will be based on the academic, financial, and operational performance during the entirety of a school’s contract term, or the last three years, whichever is longer. The district will also use an equity lens as set forth in the CPS Equity Framework and consider community impact when making renewal recommendations.~~

~~If a charter school seeks to renew its contract, the CEO will make recommendations concerning the school’s ability to meet or make reasonable progress toward student academic achievement standards to the Board. A charter school campus will be considered to be meeting or making reasonable progress toward achievement of the content standards or pupil performance standards if the school receives an ISBE Summative Designation of Exemplary or Commendable.~~

~~Charter school operators who operate two or more charter schools or campuses will have each school or campus evaluated individually for renewal or non-renewal.~~

IV. STANDARDS AND PROCESS FOR REVOCATION:

The “Intensive Academic Support List” refers to the list maintained by the Chief Executive Officer (“CEO”) or designee that identifies charter schools or campuses failing to meet or make reasonable progress towards student academic achievement. A charter school or campus will be placed on the Intensive Academic Support List if the charter school or campus receives an ISBE Summative Designation of Targeted, Comprehensive, or Intensive.

When a charter school or campus is placed on the Intensive Academic Support List, and/or when indicated in a charter school’s Accountability Plan, the CEO or designee will send notice that the school or campus is in revocation status and subject to possible closure pursuant to Section 27A(9)(c) of the Illinois School Code. Upon receipt of such notice, the charter school or campus must submit a written school improvement plan to the CEO or designee to rectify the problems that resulted in the charter school or campus being placed on the Intensive Academic Support List. The written school improvement plan must include a timeline for implementation, and the CEO or designee must monitor the implementation and

adherence to the school improvement plan requirements. The CEO will recommend ~~the revocation of~~ revoking a charter school or campus to the Board if the CEO determines that the charter school or campus failed to implement the school improvement plan ~~and adhere to the timeline and/or meet~~ academic goals within the school's improvement plan.

If the charter school or campus on the Intensive Academic Support List achieves an ISBE Summative Designation of Commendable or Exemplary, the school or campus will be removed from the Intensive Academic Support List.

~~No school's charter will be revoked solely based on its academic accountability status. The district will also use an equity lens as set forth in the CPS Equity Framework when reviewing a school's overall performance.~~

VI.V. OTHER CONSIDERATIONS:

Nothing in this policy prohibits the CEO from making individual recommendations regarding charter school expansion or replication, non-renewal, or revocation based on the totality of factors the CEO deems relevant, particularly including equity considerations. Nothing in this policy prohibits the Board from revoking or not renewing a charter for failure to meet generally accepted standards of fiscal management, for failure to comply with applicable law, or for committing a material violation of any of the conditions, standards, or procedures set forth in their charter school agreement.

AMEND DISTRICT POLICY FOR CONTINUOUS IMPROVEMENT AND DATA TRANSPARENCY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

The Board amends Board Report 23-0426-PO4, District Policy for Continuous Improvement and Data Transparency effective for the 2024-2025 school year and subsequent school years. This policy was posted for public comment from April 26, 2024 until May 30, 2024.

POLICY TEXT:

I. PURPOSE AND GOALS

This policy shall establish the guidelines for providing stakeholders information about school and district performance against district and state-defined standards. This policy will take effect beginning with the release of performance information to each school for the 2024-2025 school year based on school performance data gathered during the prior school year. This policy will also apply to subsequent school years unless amended or rescinded by the Board.

This policy sets out a systematic means for measuring a school's performance and identifying schools in need of support based on a demonstrated pattern of not meeting district standards of practice, and/or insufficient levels of achievement and growth based on the key indicators as defined by the Board herein. The district's provision of information to stakeholders about these standards of practice and performance is intended to help communities identify points of celebration and growth as well as to signal where there is need for additional and targeted supports by the district for school communities. The information the district provides should also empower school communities to engage in meaningful conversations about local continuous improvement cycles and more effectively advocate for their schools' needs. We recognize opportunity differences situate achievement differences and the district must marshal resources to support schools with greater need or that serve historically disadvantaged communities.

The Board District recognizes that an effective and fair approach to improving school quality considers a broad range of indicators of success, including, but not limited to student academic progress; student postsecondary success; student connectedness and well-being; student daily learning experiences; adult capacity and continuous learning; and inclusive and collaborative school and community. Therefore, this policy establishes a comprehensive system to assess school performance in order to identify, monitor, and assist schools in need of support in these areas. This policy does not rank schools either through summative ratings (e.g. Level 1, Level 2, etc) or by any other means. Rather, this policy articulates the district's expectation for practice in key areas necessary to improve student performance over time, as well as defining the district's approach to accountability with respect to the supports school communities require in order to implement these key practices effectively.

Finally, this policy must be implemented in alignment with the CPS Equity Framework and the principle of Targeted Universalism, both of which are documented at length in publicly available district resources. Therefore, this policy goes beyond solely focusing on school-level outputs and outcomes by adding greater consideration to, and accountability for, inputs. These inputs include the set of resources (e.g., funding to schools) and conditions (e.g., safe and inclusive learning environments) that impact a high-quality educational experience in schools.

II. SCOPE OF THE POLICY

All CPS managed schools are subject to this policy, including, but not limited to, neighborhood schools, magnet schools, selective enrollment schools, ~~contract schools~~, district-managed Options Schools, and schools with non-traditional grade structures. CPS charter schools and contract schools are subject to the performance standards set out in this policy by and through the accountability provisions in their ~~charter contract agreement~~ with the Board, ~~and~~. eCharter and contract school stakeholders shall annually receive the same information about charter and contract school performance against district standards of practice as those in non-charter / contract school communities, once this policy is fully implemented. The district shall separately propose a revised Charter School Academic Accountability Policy that articulates how the below standards will be applied to charter governance issues such as charter contract renewal, revocation, and extension. The extent to which the below standards shall apply to charter and contract school governance issues such as renewal, revocation, and modification will be addressed in each individual charter school's Accountability Plan incorporated into their agreements.

A. Applicability to Non-Standard School Models

Where appropriate, the indicators listed below ~~should~~ will be applied to and reported for non-standard school models, such as district-managed Options schools, Specialty High Schools programs and schools serving students who participate in alternate assessments, and schools in detention centers. and early childhood centers. However the District recognizes that many traditional and well-established practice and outcome indicators are not appropriate for these instructional contexts some of the indicators below may not apply to those models, and that there are additional indicators necessary to accurately represent both practice and evidence of student learning in those settings. As such, additional indicators for those models, as well as modifications to general education indicators, are noted throughout the policy. The proceeding language in this section offers additional context for each non-standard model as context for the additional indicators described further below. the district shall develop models for these contexts and present them for Board vote no later than April 2024.

B. Options School Context

Research shows that students attending Options Schools are more likely to be students of color and more likely to face higher rates of challenges related to special education, housing instability, involvement in the justice system, and victimization. In turn, these students are more likely to have disengaged or dropped out of their previous school. Options Schools serve as non-traditional learning environments that specialize in engaging older, off-track students. The Options Schools indicators have been adapted to promote the equitable application of this policy, given the unique school models and student populations served.

All indicators listed below in support of the components "Daily Learning Experience", "Adult Capacity and Continuous Learning", and "Inclusive and Collaborative School and Community" are important aspects of the District's and its stakeholders' shared vision for Options Schools quality and will be implemented in an appropriate manner and in consultation with stakeholders for those schools. Additional Options-only indicators for "Academic Progress," "Connectedness and Well-Being," and "Postsecondary Success" are articulated in each appropriate section below.

C. Schools in Detention Centers Context

Students attending school in detention centers are often enrolled for a short period of time and may have been inactive prior to enrollment. Additionally some of these students previously attended school in other school districts, which is where they return to after detainment. The restrictions placed on these schools

due to the location paired with the specific needs of the unique student population requires an adaptation of the indicators applied to traditional schools. The detention center school indicators have been adapted to promote the equitable application of this policy and to more accurately reflect school and student performance.

All indicators listed in the Continuous Improvement and Data Transparency policy (CIDT) in support of the components “Daily Learning Experience,” “Adult Capacity and Continuous Learning,” and “Inclusive and Collaborative School and Community” are important aspects of the District’s and its stakeholders’ shared vision for the quality of schools in detention centers and will be implemented in an appropriate manner and in consultation with stakeholders for those schools.

D. For Students with Alternate Assessments:

Students who have significant cognitive disabilities are eligible to participate in alternate assessments. Often, these students are enrolled in instructional programs that utilize a significantly modified curriculum. Instruction within these programs includes, but is not limited to, the areas of academic, linguistic, behavioral, adaptive, life skills, and post-secondary success. Teachers utilize these foci through the lens of Specially Designed Instruction within the significantly modified curriculum to meet the needs of learners.

All indicators listed in the CIDT in support of the components “Daily Learning Experience”, “Adult Capacity and Continuous Learning”, and “Inclusive and Collaborative School and Community” are important aspects of the District’s and its stakeholders’ shared vision for the quality of education available to students who participate in the alternate assessments and will be implemented in an appropriate manner and in consultation with stakeholders for the schools and programs serving these students.

E. For Early Childhood Grades:

Research demonstrates an aligned early grades experience begins with high quality preschool and builds a strong foundation for academic and social-emotional skills in Pre-K through Second Grade, leading to transformative lifelong outcomes. The district is deeply invested in the experience of its youngest learners.

The district will explore the indicators listed below in support of the components “Daily Learning Experience”, “Adult Capacity and Continuous Learning”, “Inclusive and Collaborative School and Community”, and “Evidence of Student Learning & Wellbeing” as important aspects of the District’s and its stakeholders’ shared vision for Early Childhood Centers & the Early Grades and will be implemented if appropriate and in consultation with stakeholders in alignment with the release of metrics by Fall 2025.

- The work is guided by the principles and values articulated in the CIDT.
- Any indicators the District develops to articulate expectations for the Early Childhood Centers and the Early Grades are both coherent with and supportive of the standards for school practice in the 3-12 grade continuum; while also supporting the unique needs of the District’s youngest learners.
- The District builds and provides systemic supports for school communities to help them meet District standards for practice in the early grades.

III. ACCOUNTABILITY COMPONENTS, INDICATORS AND STANDARDS

A. Context and Values

In keeping with prior Board action and district collaboration with stakeholders, it is critical that the below description of components, indicators, and standards be understood in the following context:

- Between June 2019 and March 2023, the district collaborated with stakeholders to define the framework for ~~the approach to accountability that is articulated in this policy~~ this policy's approach to accountability.
- The district's approach to accountability must articulate the required elements of a high-quality educational experience for all students in Pre-Kindergarten through 12th grade (inclusive of transition programming for Students with Disabilities through the age of 22) that is grounded in and supportive of the district's Instructional Core Vision (ICV), sets high expectations, and requires ambitious instruction for all CPS students; and reflects the essential qualities of a CPS educational experience that aligns with the values held by the district, students, teachers, school administrators, parents, and other community stakeholders.
- The district's approach to accountability must align with the CPS Equity Framework and the principle of Targeted Universalism by articulating the inputs and practices at the school and district level, which support the universal goal of every CPS student achieving the high-quality educational experience as outlined in both the ICV and stakeholder feedback. It must also go beyond solely focusing on school-level outputs and outcomes and adding greater consideration to, and accountability for, inputs such as the set of resources (e.g., funding to schools) and conditions (e.g., safe and inclusive professional and student learning environments) that impact a high-quality educational experience in schools.
- The district's approach to accountability must establish greater accountability for the district, grounded in the shared responsibility of promoting the structural supports necessary to create school environments that support equitable outcomes for all students while recognizing that district-level accountability also does not exist in isolation and is influenced by many factors outside of the district's purview. To align with the CPS Equity Framework, the district will provide stakeholders with information on how the district is establishing and meeting commitments to school communities ~~with respect to providing~~ regarding equitable access to supports and resources.

B. Goals and Core Uses

The primary goals and core uses of the information provided by this policy are to:

- Support the whole child by enabling improved teaching and learning in schools; and
- Inform families about all the characteristics that comprise the high-quality educational experience referenced above; and
- Leverage ~~information internally about these characteristics to diagnose where and how to equitably direct resources and supports to schools~~ internal information about these characteristics to diagnose where and how to direct school resources and supports equitably.

Ultimately, the information the district provides to stakeholders in accordance with this policy should be designed ~~so as~~ to drive continuous improvement efforts at both the school and district level and meet stakeholder needs.

Where available and appropriate, all metrics will be disaggregated by student race, ethnicity, nationality, gender, ~~Diverse Learner~~ Student with Disability status, English Language Learner status, socio-economic status, ~~and Students in Temporary Living Situations, and postsecondary pathway type (Options schools only)~~. The reporting of student groups will be implemented to support targeted universalist initiatives in the school district with a focus on the most impacted students and schools rather than to highlight achievement differences or uphold a deficit-based approach.

C. District Accountability

In order to ensure reciprocal accountability between the district and its constituent schools, it is imperative

that the district articulate the resources and support schools need ~~in order to reasonably meet district expectations~~ to meet district expectations reasonably. To satisfy this imperative, the district shall provide stakeholders with information regarding the extent to which it is prioritizing support and resources to schools in the following areas:

1. Daily Learning Experience

The foundation for our academic progress is our Instructional Core. Students must experience daily core instruction that is responsive to and sustaining ~~of~~ who they are and what they bring and empowers them to connect, imagine, and act as ethical, critical actors that shape the world.

2. Adult Capacity and Continuous Learning

The success of our schools is built on talented and empowered educators. To that end, the district commits to providing support to develop the capacity of all educators (inclusive of non-teaching staff like paraprofessionals, related service providers, etc.), provide leadership development trajectories, and nurture the school-based adult cultures and structures that lead to academic progress.

3. Inclusive and Collaborative School and Community

We abide by our Core Value of the “Whole Child” to support our students so they are healthy, safe, engaged, and academically challenged.

4. Targeted Universalism

The district’s approach to accountability will account for opportunity differences in order to situate achievement differences. Reflecting the guiding principle of targeted universalism in the CPS Equity Framework, a set of indexed socioeconomic indicators will be utilized with discretion to contextualize school quality measures in Section III.D and any related reporting measures. For SY24-25, based on data from SY23-24, CPS will use the CPS Opportunity Index indicators included below to guide the approach to targeted universalism. The CPS Opportunity Index is an analytical tool to align how we measure opportunity differences at CPS so we can most equitably support communities most impacted by inequity and structural disinvestment with the resources and decision-making power in our locus of control.

The Opportunity Index includes socioeconomic indicators related to race, socioeconomic status, education, health, and community factors. Beyond closing opportunity gaps, the Opportunity Index will allow the school district to Inclusively Partner and create transparency, from how we allocate resources to how we factor opportunity differences into targeted universalist considerations to support most impacted schools and communities. Below we outline the current CPS Opportunity Index with the understanding that the Opportunity Index may change in the future based on validation and evolving district priorities:

School Factors	Community Factors	Resourcing Factors
Percent of students... <ul style="list-style-type: none"> ● with diverse learner needs <u>diverse learner needs disabilities</u> ● who are English learners 	<ul style="list-style-type: none"> ● Average student hardship score based on home address ● Community area life expectancy ● Percent of students 	<ul style="list-style-type: none"> ● Historical change in school budget and student-based funding ● Historical Capital investment and Tax Increment Finance

---	---	-------------------

D. Indicators - Evidence of Student Learning and Well-Being (Student Outcomes)

As noted above, past Board action and stakeholder feedback have clearly articulated the need for the district’s approach to accountability to be inclusive of practice and supports (inputs) as well as information about student performance (outputs). Discussions about continuous improvement, equity, or other strategic priorities must be driven by data, and the following section outlines the key performance indicators the district identifies as critical to those discussions.

The indicators described here are all lagging (i.e., reported after the conclusion of a given school year) but can and should be complemented by the use of aligned leading indicators by school or district staff. While those leading indicators are not listed as part of this policy, the policy does acknowledge their critical role in driving effective cycles of continuous improvement. Each of the indicator descriptions listed here includes a definition, guidance for interpretation and use, and a broad description of a “standard” for that indicator. This information is included as guidance for eventual implementation, during which work decisions about final measurement and reporting must be made in accordance with the ultimate goal of this policy as described in III.B above (i.e., to provide information in support of continuous improvement and stakeholder needs).

The prioritized lagging indicators (and metrics to measure them) are as follows:

1. Academic Progress:

a. Student Growth to Proficiency^{1,2}

- i. **Definition:** The district will develop a summative measure of growth that uses shifts in standardized achievement over time to measure the rate of student progress toward meeting proficiency standards over multiple years and with multiple cohorts of students. Growth will be based on the appropriate state-required assessment for each applicable grade band.
- ii. **Interpretation and Use:** This measure is not intended to be a measure of school quality. More appropriately, it is a strong indicator of where students and schools

¹ Neither of these indicators (III.D.1.a and III.D.1.b) are applicable to students who participate in alternate assessments.

² None of these indicators (III.D.1.a., III.D.1.b., III.D.1.c., III.D.1.d. and III.D.1.e.) are applicable to Options Schools or schools located in Detention Centers.

- are showing accelerated learning trajectories (or not) over time as compared to their statewide peers. Identifying schools where students are showing below-average growth should be the first step in a root cause analysis to determine what kinds of additional support are needed. Student Growth to Proficiency should also be used to identify schools where exemplary practices can be studied for potential replication at scale.
- iii. **Standard:** The goal for CPS schools will be to show a rate of progress to proficiency that is at or above the statewide average. This target should be reviewed annually as this measure's implementation progresses.
- b. Student Proficiency^{1,2}
- i. **Definition:** The district will report school-level point-in-time and trend data for student proficiency as measured by the appropriate state-required assessment for each applicable grade band.
 - ii. **Interpretation and Use:** Standardized assessments provide stakeholders with information about how students are performing relative to Illinois Learning Standards as measured by state-required assessments. Trend data will provide a sense of how overall proficiency has changed over time. It is important to note that student proficiency on standardized assessments is highly correlated with student socio-economic status, and thus proficiency rates alone should not be misconstrued as an indicator of school quality.
 - iii. **Standard:** The district will report school-level proficiency data along with district and state averages (where available and comparable) for context.
- c. ~~Diverse Learner Progress~~ Growth of Students who Participate in Alternate Assessments²
- i. **Definition:** The district will report school-level data for year over year student growth as measured by ~~state standardized measures — Dynamic Learning Map Alternative Assessment (DLM-AA) data that is disaggregated by subgroups for Diverse Learners with the most significant cognitive disabilities. the alternate assessment for students who are in programs with a significantly modified curriculum. This data will be available for all students with disabilities who participate in alternate assessment, typically students with the most significant cognitive disabilities.~~
 - ii. **Interpretation and Use:** This measure is not intended to measure school quality. It is intended to share the progress of students requiring significantly modified curriculum who are administered ~~this alternate~~ assessment. Research shows that students with disabilities, when provided with a comprehensive and individualized education plan, see greater success in their post secondary endeavors inclusive of life skills.
 - iii. **Standard:** The district will report progress data results for students who receive significantly modified curriculum and are administered the required ~~standardized alternate~~ assessments.
- d. English Learner Progress to Proficiency²
- i. **Definition:** The district will report school-level data on the percentage of English Learners (ELs) making adequate annual progress on English proficiency. "Adequate" is defined as the amount of growth needed on the ACCESS for ELLs from one year to the next to ensure ELs achieve English proficiency within five years of being identified as an English Learner.
 - ii. **Interpretation and Use:** Research shows that EL students who don't attain English proficiency within five years of being identified as ELs have a greatly reduced chance of ever doing so. This measure is not a direct measure of school

- quality, but does indicate where students are making progress towards English proficiency and identifies schools where additional support for English language instruction may be needed.
- iii. **Standard:** The district will report school-level proficiency data along with district and state averages (where available and comparable) for context.
- e. On-Track ²
- i. **Definition:** The student On-Track indicator for grades 3-8 identifies students who are on track (or not) for success in high schools. Freshmen and Sophomore On-Track indicators use credit and grade data to identify students who are on track (or not) to graduate high school in four years.
 - ii. **Interpretation and Use:** Research strongly suggests that whether a student graduates high school after 12th grade can be reliably predicted by their performance in earlier years. Research suggests that students who are identified as "on-track" are much more likely to graduate from high school in four years than off-track students. Freshmen "On-track" specifically has been found to be a more accurate predictor of graduation than students' previous achievement on standardized assessments. Research further suggests that school climate and structures play a significant role in whether or not students are on-track, more so than students' previous academic performance or student socioeconomic status.
 - iii. **Standard:** The district will report school-level on-track data along with district and state averages (where available and comparable) for context.
- f. Student Growth in Math and Reading (Options and Detention Centers Only)
- i. **Definition:** The district will use the STAR 360 assessment to measure the percentage of students who have met their expected growth target.
 - ii. **Interpretation and Use:** This measure is not intended to be a measure of school quality. More appropriately, it is a strong indicator of where students and schools are showing accelerated learning trajectories (or not) over time as compared to their nation-wide peers. The STAR 360 is a nationally normed assessment that shows growth between a minimum of two testing windows during a school year. This assessment is more appropriate for measuring growth of students in Options Schools or schools located in detention centers due to high mobility rates and shorter enrollment periods. Identifying schools where students are showing below-average growth should be the first step in a root cause analysis to determine what kinds of additional support are needed. Student Growth to expected growth targets should also be used to identify schools where exemplary practices can be studied for potential replication at scale.
 - iii. **Standard:** The goal for Options schools will be to show a rate of progress toward expected growth targets that is normed based on national data.
- g. Credit Attainment (Options and Detention Centers Only)
- i. **Definition:** The credit attainment indicator identifies the average number of credits that students earn during the time they are enrolled.
 - ii. **Interpretation and Use:** Options students are more likely to be older and off track for graduation. Options schools are designed to provide a unique learning environment that engages these students and offers accelerated credit attainment opportunities. Students attending school in detention centers are often enrolled for a short period of time, may have been inactive prior to enrollment, and may have previously attended school in another school district. This indicator will calculate the number of credits that a student has earned divided by the expected number of credits that the student could have earned in a given amount

of time. Higher credit attainment rates are associated with older, off track students' ability to graduate sooner and contribute to a more successful matriculation back into a traditional school from a detention center school.

- iii. **Standard:** The district will report school-level credit attainment data based on an expected credit attainment at each school.

2. Connectedness and Well-Being:

a. Chronic Absence ³

- i. **Definition:** Chronic absence is defined as students who have missed 10% or more of enrolled attendance days. The district will report school-level point-in-time and trend data on the percentage of students who are chronically absent.
- ii. **Interpretation and Use:** Research shows that students experiencing chronic absenteeism are much less likely to receive high grades, graduate high school, or succeed in college or other post-secondary education settings. Student-level chronic absence data should be used to identify which students are in need of additional support and engagement from school communities. School-level chronic absence data should be used to identify which schools need additional district resources and supports to better meet the needs of chronically absent students.
- iii. **Standard:** The district will report school-level chronic absence data along with district and state averages (where available and comparable) for context.

b. One-Year Dropout Rate ³

- i. **Definition:** The one-year dropout rate is defined as the percentage of students in grades 9-12 who are enrolled CPS at any point in the school year but are not enrolled at the end of the school year.
- ii. **Interpretation and Use:** Schools' ability to engage and retain students, particularly in high schools, is critical to student success. Research clearly indicates that students who drop out of school are much less likely to graduate from high school or otherwise succeed. Higher than average dropout rates should be interpreted as a need for additional support at the student and school level.
- iii. **Standard:** The district will report school-level dropout data along with district and state averages (where available and comparable) for context.

c. Average Daily Attendance (Options Only)

- i. **Definition:** The average daily student attendance is defined as the percentage of the total number of days in which students during the school year were marked present at a school, divided by the total number of days that those students were expected to be in attendance. The district will report school-level point-in-time and trend data on the year-to-date attendance rate of students.
- ii. **Interpretation and Use:** Research shows that students with low attendance are much less likely to receive high grades, graduate high school, or succeed in college. Student-level attendance data should be used to identify which students are in need of additional support and engagement from school communities. School-level attendance data should be used to identify which schools need

³ Neither of these indicators (III.D.2.a. and III.D.2.b.) are applicable to Options Schools or schools located in Detention Centers.

- additional district resources and supports to better meet the needs of students on the verge of disengagement.
- iii. **Standard:** The district will report school-level attendance data along with district and state averages (where available and comparable) for context.
 - d. Growth in Attendance (Options and Detention Centers Only)
 - i. **Definition:** Growth in student attendance is defined as the percentage of students who showed an improvement of at least 3 percentage points in their individual daily attendance rates at an Options school compared to their daily attendance rates from the prior school year.
 - ii. **Interpretation and Use:** Options students and students attending schools located in Detention Centers are more likely to have disengaged, have low attendance, or have dropped out of their previous school for a variety of reasons. Due to the challenges related to engaging this population, the focus is on growth. Student-level attendance growth data should be used to identify which students are in need of additional support and engagement from school communities. School-level attendance growth data should be used to identify which schools need additional district resources and support to better meet the needs of students with low attendance growth rates.
 - iii. **Standard:** The district will report school-level attendance growth data along with district and state averages (where available and comparable) for context.
 - e. Stabilization (Options Only)
 - i. **Definition:** The stabilization rate is defined as the percentage of students who enroll in an Options school that remain enrolled in any CPS school at the close of the school year or who graduate.
 - ii. **Interpretation and Use:** Continuous school engagement is critical to student success. Research clearly indicates that students who drop out of school are much less likely to graduate from high school or otherwise succeed even after re-engagement into school. Due to the increased challenges that Options Students experience as compared to their traditional school counterparts, they are often highly mobile. In the event that an Options School is not able to meet a student's specific needs, it is critical for the school to help the student identify a good fit school if they decide to transfer. Lower than average stabilization rates should be interpreted as a need for additional support at the student and school level.
 - iii. **Standard:** The district will report school-level stabilization data along with Options school averages (where available and comparable) for context.
 - f. Student Portfolio (Schools in Detention Centers Only)
 - i. **Definition:** The student portfolio indicator is defined as the percentage of students who have successfully completed a portfolio of lessons during the period of enrollment.
 - ii. **Interpretation and Use:** Student portfolios consist of a range of lessons designed to promote self-reflection, improve skills such as decision making and self-advocacy, and incorporate future-planning activities. Completion of the portfolio will equip students with a set of skills that will lead to a successful matriculation back into a traditional or Options school and the community.
 - iii. **Standard:** The district will report school-level student portfolio completion rates for students enrolled long enough to qualify.
 - g. Transition Plan (School in Juvenile Temporary Detention Center Only)

- i. **Definition:** The transition plan indicator is defined as the percentage of students who matriculate back into a traditional school with a complete and comprehensive transition plan.
- ii. **Interpretation and Use:** Transition plans will contain key information that will help the student successfully transition into a traditional school including but not limited to behavior, attendance, grades, credits earned, strengths, challenges and applicable justice system-related information. Transition plans will aid in the smooth transition of grades and credits, but will also support the development of a re-entry plan at the receiving school.
- iii. **Standard:** The district will report school-level transition plan completion rates for students enrolled long enough to qualify.
- h. **Transition Rate - Enrollment (School in Juvenile Temporary Detention Center Only)**
 - i. **Definition:** The transition rate - enrollment indicator is defined as the percentage of students who enroll in school after leaving the detention center.
 - ii. **Interpretation and Use:** This metric measures the success rate of transitioning students back into a traditional school setting. Student retention is critical to student success and graduation. Given that students are automatically withdrawn from the schools located in Detention Centers, it is critical to ensure that the student is immediately enrolled at another school. Low transition rates should be interpreted as a need for additional support at the student level as well as both the sending and receiving school levels.
 - iii. **Standard:** The district will report school-level rates for student who have successfully matriculated back into a traditional school setting.
- i. **Transition Rate - Persistence (School in Juvenile Temporary Detention Centers Only)**
 - i. **Definition:** The transition rate - persistence indicator is defined as the percentage of students who exit a detention center school, re-enroll in a CPS school, and remain enrolled until the end of the school year.
 - ii. **Interpretation and Use:** This metric measures the success rate of stabilization in a traditional school setting. Student retention is critical to student success and graduation. It is critical to equip students with the skills and support needed to remain engaged and enrolled in a traditional school setting leading to overall success and graduation. Low persistence rates should be interpreted as a need for additional support at the student level as well as both the sending and receiving school levels.
 - iii. **Standard:** The district will report school-level rates for students who have remained enrolled in a CPS school until the end of the school year.

3. Postsecondary Success:

- a. Four-Year Cohort Graduation Rate⁴
 - i. **Definition:** The district and school-level graduation rates are calculated based on the percentage of students who enroll in the district as first-time freshmen and then graduate high school four years later.
 - ii. **Interpretation and Use:** Students who graduate are much more likely to be successful in their chosen postsecondary path (college, career, etc.). The extent to which the district and individual schools are retaining incoming high school

⁴ Neither of these indicators (III.D.3.a. and III.D.3.c.) are applicable to Options Schools or schools located in Detention Centers.

- students and supporting their path to graduation is an important indicator of school and district efficacy.
- iii. **Standard:** The district will report school-level graduation data along with district and state averages (where available and comparable) for context.
- b. Early College and Career Credentials
- i. **Definition:** This metric reports the percentage of students who are graduating high schools with one or more qualifying credentials or certifications, tied to high school coursework, that prepare them for postsecondary success.
 - ii. **Interpretation and Use:** Students should have access to a variety of postsecondary opportunities during their high school years. Schools and the district should be offering equitable access to postsecondary opportunities that reflect the needs and interests of students. The Early College and Career Credentials (ECCC) metric should be interpreted as describing the extent to which schools are providing said access (as well as intentional or equitable support for attainment) and the district is providing schools the resources and support needed to do so.
 - iii. **Standard:** The district will report school-level ECCC data along with district and state averages (where available and comparable) for context.
- c. College Enrollment and Persistence⁵
- i. **Definition:** ~~College enrollment is the % of CPS graduates from a specific YOG (year of graduation) cohort that are reported by the National Student Clearing House as enrolled in a higher education institution in the Fall and/or Spring semester immediately following graduation. College Persistence is the % of CPS graduates who were enrolled continuously (no semesters off) for the four semesters after high school graduation in one or more two-year or four-year colleges or who completed a college degree or credential within two years. Summer semesters are not counted. College Enrollment measures the percentage of students graduating from CPS in the previous year who enrolled in a 2-year or 4-year college in the fall or spring after graduation from high school. College Persistence measures the percentage of students enrolled in college in the fall or spring after graduation from high school that remain enrolled in college the following fall or spring.~~
 - ii. **Interpretation and Use:** Alumni enrollment and persistence relies heavily on two major school supports: Postsecondary Preparation and Alumni Support Initiative programming. Schools and the district use these postsecondary enrollment and persistence metrics to measure the success of our schools at preparing students for life beyond high school. Schools should leverage multiple layers of support for postsecondary preparation including rigorous course selections, providing college and career instruction, and linking students to high quality advising through school counselors, college & career coaches, and the many college access partners throughout the district.
 - iii. **Standard:** The district will report school-level college enrollment and persistence data along with district averages and state or national data when available.
- d. One-Year Graduation Rate (Options and Detention Centers Only)
- i. **Definition:** The one-year graduation rate is defined as the percentage of students that graduate by the close of the school year who are within range of graduation upon enrollment. For schools located in detention centers, this rate

⁵ This indicator is not applicable to students with alternate assessments.

- only applies to students who are still enrolled at the school at the time of graduation.
- ii. **Interpretation and Use:** Students who graduate are much more likely to be successful in their chosen postsecondary path (college, career, etc.). Options students and students attending schools located in detention centers are more likely to be older, off-track and to have already dropped out. The extent to which schools are retaining and graduating students in range of graduation is an important indicator of school efficacy.
 - iii. **Standard:** The district will report school-level one-year graduation rate data along with Options school and detention center school averages (where available and comparable) for context.
- e. PostSecondary Pathway & Transition Enrollment (Options Schools and Students who participate in Alternate Assessment Only)
- i. **Definition:** The postsecondary pathway & transition enrollment indicator is defined as the percentage of graduating students who enroll in transition centers and/or matriculate into any of the following postsecondary pathways: college, military, apprenticeship program, job training program, employment, or service learning or gap year program.
 - ii. **Interpretation and Use:** The postsecondary trajectory of students relies heavily on the school's implementation of appropriate postsecondary and transition supports. Schools and the district use postsecondary enrollment metrics to measure the success of our schools at preparing students for life beyond CPS. Schools should leverage multiple layers of support for the postsecondary success of students including providing college and career instruction, exposure to potential pathways for careers and trades, credential and certification opportunities, and linking students to high quality postsecondary advising and/or transition supports.
 - iii. **Standard:** The district will report school-level postsecondary pathway enrollment data along with applicable school averages when available for context.

E. Indicators - Daily Learning Experience

Per Board and stakeholder guidance outlined above, the district's approach to accountability must also articulate standards for the conditions and practices that facilitate a high-quality educational experience in schools. The following are the key indicators of quality practice in support of students' daily learning experience that the district is prioritizing as most likely to positively impact the student outcomes listed above over time.

1. High Quality Curriculum

- a. **Definition:** The district shall provide school-level information on the extent to which all students, across all grade levels and subject areas, have access to high-quality curriculum as defined by the district's standards.
- b. **Standard:** High-quality curriculum should: be standards aligned, reflect student's identities and lived experiences, engage students in topics, problems, and people that impact them and their communities and drive instruction that is responsive to all students' needs. The district will evaluate schools' curricula for different subjects and grade levels according to its internal curriculum quality rubric. At a minimum, this rubric will measure the extent to which a curriculum (i) aligns with grade-level standards, (ii) provides

continuity across instructional and assessment resources and grade bands, (iii) aligns with standards for social-emotional learning, cultural responsiveness, and differentiation support, (iv) addresses the needs of ~~diverse learners~~ Students with Disabilities and English learners, and (v) meets additional requirements as may be reflected by content-specific, research-based practices.

- c. **Theory of Action:** If the district ensures that all schools have access to a high-quality curriculum, conditions for effective instruction and student learning will improve.
- d. **District Accountability:** Provide access to a universally-available high-quality rigorous, and culturally responsive curriculum for all schools.

2. Rigorous Instruction

- a. **Definition:** The district shall provide school-level information on the degree to which a school's instructional practices meet district standards.
- b. **Standard:** Instruction should: be designed with the student at the center, use learning acceleration practices that give students access to grade-level standards, align to content specific research-based practices, foster positive classroom community and nurture students' strengths, and use varied assessments in order to be responsive to the needs of students. The district will evaluate and report on instructional practices using available data as appropriate. This may include observational data from classroom observations, student and teacher responses on surveys, and other data sources.
- c. **Theory of Action:** If instruction is rigorous and includes high expectations coupled with a supportive learning environment, student learning will improve.
- d. **District Accountability:** Provide professional learning at the district and Network levels to improve learning acceleration practices.

3. Conditions for Learning and the Student Experience

- a. **Definition:** The district shall provide school-level information on the degree to which the student experience of classroom instruction meets the conditions that are needed in order for students to learn.
- b. **Standard:** The student experience in the learning environment should be one that: empowers students; fosters positive and collaborative classroom community; nurtures, explores, and affirms identity; provides supportive systems and structures that nurtures students' social, emotional, growth, and leadership; allows meaningful access to appropriate curriculum and instruction across all grade levels in all educational environments (especially for Students with Disabilities); and fosters creativity, empathy, curiosity, and confident self-expression that leads to inventive artistic practice and fulfillment. The district will report on all students' experience of the learning environment using available data as appropriate. This may include district wide measurement surveys, network rigor walks, and other data sources.
- c. **Theory of Action:** Students' daily experience of their classroom learning conditions drives their engagement, perseverance, and learning; it also shapes longer term academic outcomes, identity development, and well-being.
- d. **District Accountability:** Provide training, resources, and data to engage in student experience data gathering. Provide a clean, warm, safe, and dry facility with adequate space and modernized amenities and infrastructure to ensure equitable access to a 21st century learning environment for all students.

4. Balanced Assessment System:

- a. **Definition:** The district shall provide school-level information on the degree to which a school has an assessment plan that meets the district's standard for a balanced assessment system.
- b. **Standard:** The district will evaluate schools' assessment plans across grades, content areas, and assessment types according to its standard for a balanced assessment system.
- c. **Theory of Action:** If schools implement a balanced assessment system the district will be able to measure the depth and breadth of student learning and monitor student progress towards college and career readiness as well as provide actionable data to inform planning for instruction, academic supports, and resource allocation. A balanced assessment system includes multiple measures and is responsive to the needs of all students, inclusive of ~~Diverse Learners~~ Students with Disabilities and English Learners.
- d. **District Accountability:** Provide universally-available meaningful assessments and assessment data tools to inform instruction.

5. Access to Postsecondary Opportunities

- a. **Definition:** This metric describes the extent to which schools are implementing the systems and structures necessary to support students in preparing for their postsecondary pathways culminating in the Learn.Plan.Succeed (LPS) and FAFSA graduation requirements and is ultimately measured by ECCC. While the ECCC metric described above measures actual student outcomes in this area, this metric measures the extent to which a school is meeting district standards on the practices necessary to support students' postsecondary access and success by providing college and career readiness instruction and ensuring completion of the postsecondary individualized learning plan tasks.
- b. **Standard:** The district shall provide school-level information on the extent to which school practice meets district standards in areas such as the percentage of students participating in college and career readiness instruction, advanced coursework and career and technical education (as opposed to credits earned as measured in ECCC); grades earned in ECCC courses (as opposed to the achievement of a credential); training in college finance, expectations and systems; and exposure to career options.
- c. **Theory of Action:** If schools and the district establish systems of support that allow students to explore their college and career interests and create a meaningful postsecondary plan (LPS) upon completion of access steps, students are much more likely to experience postsecondary success, regardless of their actual chosen path.
- d. **District Accountability:** Provide staffing support and training to evaluate and improve ECCC programs in schools, as well as invest in a postsecondary goal-setting curriculum for High School upperclassmen.

6. Research-based Academic Interventions within a Multi-tiered System of Supports (MTSS) Framework

- a. **Definition:** The metric seeks to measure the extent to which schools are implementing an equity based MTSS framework, which includes providing research-based academic interventions in response to students' demonstrated needs.
- b. **Standard:** The district shall report information on the degree to which an effective Multi-Tiered System of Support (MTSS) framework exists as defined by district standards.
- c. **Theory of Action:** If a school implements an effective MTSS framework, which includes the implementation of research-based academic interventions that meet students'

targeted skill needs, then all students will accelerate in their learning and increase academic achievement.

- d. **District Accountability:** Provide universally-available research-based academic interventions, along with an intervention platform to support schools in progress monitoring student growth.

7. Specially Designed Instruction

- a. **Definition:** Specially designed instruction, ~~not to be confused with differentiation,~~ is adapted content, methodology, and/or delivery of instruction by a special education teacher or related service provider ~~to~~ that address the unique needs (i.e., academic, behavioral, ~~social~~ adaptive) of an eligible student ~~that results from a~~ as identified and outlined on a student's individualized educational plan (IEP). Specially designed instruction is not to be confused with differentiation, which is accessible to all students regardless of eligibility for specialized services.
- b. **Standard:** To ensure access to the general education curriculum and in some cases advanced curriculum or significantly modified curriculum, special education teachers and related service providers utilize students' individualized educational ~~support~~ plans to develop specially designed instruction that meets each student's ~~unique-needs-as~~ outlined in their individualized educational plan of support. This plan for specially designed instruction will be utilized across classroom settings.
- c. **Theory of Action:** If school staff engage in high quality specially designed instruction, using general education curriculum as a foundation for all students, then ~~Diverse Learners~~ Students with Disabilities and Gifted Students will demonstrate significant growth in the areas targeted through their individualized educational ~~support~~ plan and increase access to the ~~general education~~ appropriate curriculum.
- d. **District Accountability:** Provide professional learning ~~and,~~ and consultation at the district ~~and Network level to implement high quality,~~ network, and school level to the adoption, implementation, and monitoring of specially designed instruction.

F. Adult Capacity and Continuous Learning

Stakeholder feedback and extensive research have highlighted the importance of a school's organizational conditions (adult capacity, culture, and systems for continuous improvement) and their significant impact on student outcomes. When inclusive and learning-oriented conditions are present, individuals are more motivated to learn and share their knowledge, and they are more dedicated to making changes in their school and their own practices. The willingness and commitment to change are essential for creating optimal school cultures that support student well-being, belonging, identity development, and achievement. The following indicators are the key points of information the district must provide stakeholders moving forward to articulate the extent to which schools and the district are putting these adult support systems and culture in place.

1. Leadership Context

- a. **Definition:** This indicator captures the context of current school leadership as reflected by the tenure of the current school leadership, relationships with staff and other adults in the school community, and other data points as appropriate.
- b. **Standard:** The district shall report information on leadership capacity such as the tenure of the current leadership; the stability of school leadership (e.g., the number of principals at a school over a certain time period); the current status of principal contracting; and information from student and staff surveys. The district must also provide district-level

data as context where appropriate, as well as information about district response and support in cases where the data indicates a need.

- c. **Theory of Action:** If we invest in development opportunities and leadership supports for school leaders and aspiring school leaders, then will we see increased stability in strong school leadership, leading to sustained continuous improvement and growth in student outcomes.
- d. **District Accountability:** Provide new principal and new assistant principal induction programs, competency-aligned professional development opportunities for school leaders of all tenure, mentorship roles that elevate experienced, high-performing principals and support novice principals, differentiated pathways for development for aspiring school leaders, and resources for cultivating staff leadership in schools in support of best practices in succession and transition planning.

2. School Vision and Continuous Improvement Practice

- a. **Definition:** This indicator measures and reports on the extent to which schools have systems in place to support continuous improvement in supporting the daily learning experiences of students.
- b. **Standard:** The district shall provide stakeholders with information regarding the effectiveness of school continuous improvement practices. Said information shall include indicators like the presence of a full Continuous Improvement Work Plan (CIWP) team; effective CIWP monitoring practices; and progress toward CIWP milestones and goals.
- c. **Theory of Action:** If the district defines processes and provides supports for schools on improvement science and measures and reports on those practices, then schools will improve their continuous improvement practices, which will increase the likelihood of school improvement across the district. Improvement science clearly indicates that for schools to improve their practice over time, there are clear processes and supports that need to be in place. If the district measures and reports on these practices, the likelihood of school improvement occurring at scale will greatly increase.
- d. **District Accountability:** Provide robust training for school teams to create strong continuous improvement plans, and tailor supports in response to needs identified across school-based plans.

3. Distributed Leadership and Teacher Leader Development

- a. **Definition:** This indicator measures and reports on the extent to which schools (as supported by the district), show high levels of trust, collegial relationships, engage and empower teachers, teachers leaders, and staff to perform their roles effectively; Have systems in place to distribute leadership and build adult capacity in leadership, to effectively support the continuous improvement of staff and teacher practice, thereby, improving the daily learning experiences of students.
- b. **Standard:** The district shall provide stakeholders with information regarding the effectiveness of teacher leadership teams such as Instructional Leadership Teams MTSS Teams, or Behavior Health Teams (BHT) the extent to which a school is properly implementing the district's high quality distributed leadership as defined by the district; the presence, quality, and implementation of professional development plans; and the existence of a culture of trust, collaboration, transparency, and professional growth, particularly as measured by culture and climate surveys.
- c. **Theory of Action:** If the district measures the extent to which schools implement a culture with effective systems to cultivate distributed leadership in service of continuous learning and effective professional development (and are equitably supported by the

district in doing so), then school staff are much more likely to improve their instructional practices and the daily learning experiences of students over time.

- d. **District Accountability:** Increase teacher professional learning, collaboration, and coaching opportunities through investing professional learning funds to provide teacher leaders with additional time and opportunities for professional development.

4. Teachers and Staff Capacity

- a. **Definition:** This indicator captures the context of current school teachers and staff as reflected by the position vacancy rates, teacher qualifications, tenure, turnover.
- b. **Standard:** The district shall provide stakeholders with information on the extent to which teachers and other staff members are experienced and certified for their current roles and are engaged in their work, as measured by metrics such as National Board Certification, staff attendance, and responses to climate and culture surveys. Identify and track teacher mobility in order to develop strategies to retain a high quality and diverse educator workforce.
- c. **Theory of Action:** If schools are staffed with skillful teachers who consistently provide high quality instruction as defined by the CPS Framework for Teaching, then there will be numerous benefits for students, families, and communities.
- d. **District Accountability:** Recruit, develop, and retain a high quality and diverse educator workforce, with an emphasis on supporting the hardest-to-staff schools and educators in high-needs subject areas. Invest in our teacher pathways initiatives to ensure that we're supporting current CPS students to become the next generation of CPS teachers and that current educational support personnel have equitable opportunities to become teachers of record. Provide support for educators in CPS english learner programs. Provide support for teachers in special education programs. Provide universally available professional development aligned to district priorities and educator role, including centrally funded and supported mentoring and professional development for new teachers.

G. Inclusive and Collaborative School and Community

Themes regarding support for the whole child, school inclusivity for students, families, and communities, and the importance of partnership as key aspects of school community building were common in stakeholder feedback. More specifically for our Students with Disabilities, the District commits to advancing the principle of "Rightful Presence" in every school. In essence, students with disabilities experience their 'rightful presence' when general education and special education educators work together to create learning environments that are intentionally designed to allow meaningful access to appropriate curriculum and instruction across all grade levels in all educational environments. In order to support conversations and improvement in practice with respect to these topics, the district shall provide stakeholders with information about the following indicators.

1. Healing Centered Culture, Supports and Social-Emotional Interventions

- a. **Definition:** This indicator measures the level of school capacity and quality of practices in support of student physical, social, and emotional health to the extent to which schools are implementing an equity based MTSS framework, which includes providing research valid Social Emotional Learning (SEL) interventions in response to students' demonstrated needs.
- b. **Standard:** The district shall report information on the presence and efficacy of school systems and support for student connectedness, wellbeing, and health. This may include indicators like effective BHTs; processes for identifying and providing student

interventions in support of a safe climate; a menu of evidence based tiered interventions and supports; effective community partnerships; established positive culture and climate practices as measured by culture and climate surveys, SEL skills instruction; select Healthy CPS metrics; and staff training (both participation and completion) on student physical and mental health supports.

- c. **Theory of Action:** Student health, connectedness and well-being is a clear precondition to student learning. If a school has an effective MTSS framework in place, which includes the implementation of research-valid SEL interventions that meet students' targeted skill needs, and supports to create healthy, healing-centered school cultures, student learning and academic success will be much more likely to improve over time.
- d. **District Accountability:** Ensure that we meet the needs of the whole child by making SEL curriculum, professional development and resources universally available, as well as building partnerships with local Mental Health providers. Expand resources for students in temporary living situations, school counselor support for communities in need, and coaching for staff on restorative practices.

2. Inclusive and Collaborative Structures and Involved and Engaged Youth

- a. **Definition:** This indicator measures the extent to which schools increase student perspective, participation, and agency in the systems and processes of decision-making that impacts them the most.
- b. **Standard:** The district shall report information on the engagement and involvement of students in school decision making through indicators such as the school's methods of collecting and leveraging broad and targeted student perspectives on timely topics (surveys, polls, focus groups, interviews, voting, public deliberations); the dedicated roles student representatives have to participate or lead in decision-making spaces (e.g. Rigor Walks, Student Voice Committees, Participatory Budgeting, student representatives on ILT's or other teams); the methods of reporting to students that communicate the impact of student perspectives collected, and how and why decisions were made (e.g. newsletters, town halls); the instructional opportunities students have to learn about and engage in solution-design of community-based issues (service learning, problem-based learning, civic action projects); the level of student voice in out-of-school time and other enrichment opportunities.
- c. **Theory of Action:** When students are involved in school-level decision making, they are much more likely to feel valued by teachers and staff and to value their school in turn, leading to better student outcomes. In addition, school-level decisions will be more informed and more likely to lead to positive change if they include the perspectives of those experiencing the problem and impacted by the decision. By reporting this information, the district hopes to improve these practices and outcomes over time.
- d. **District Accountability:** Ensure policies and resources are in place to support the whole child so that all students are healthy, safe, engaged in diverse experiences and programming, and academically challenged. Provide tools and resources to schools to support increasing student voice and engagement in decision-making.

3. Out of School Time and Enrichment Opportunities

- a. **Definition:** This indicator provides stakeholders information on the extent to which schools are providing opportunities for students to engage in academic, athletic and arts based enrichment within their school community and beyond the classroom. These opportunities include, but are not limited to, the visual and performing arts, athletics, extracurricular activities, and other areas that are a quintessential part of the CPS

education experience beyond the Instructional Core in the classroom. Enrichment activities should supplement the classroom experience, not seek to replace sequential learning in each content area.

- b. **Standard:** The district shall report school-level information on the types of enrichment opportunities each school provides students including total number of available student seats; the percentage of available programs that meet district standards of quality; level of actual student participation in enrichment activities; and equity of access to enrichment programming.
- c. **Theory of Action:** If the district measures and reports on the types of enrichment opportunities each school provides its students, then schools will be intentional in providing access with the goal of improving targeted student outcomes.
- d. **District Accountability:** Fund and support expanded Out of School time programming to give students year-round opportunities for advanced coursework, academic supports, and extracurricular activities.

4. School and Community Partnerships and Engagement

- a. **Definition:** This indicator measures the extent to which schools engage and partner with families and communities to increase the quantity and quality of student daily learning experiences. The goal is to operationalize Inclusive Partnerships as defined in the CPS Equity Framework.
- b. **Standard:** The district shall report information on the number and types of partnerships each school has with community organizations; the level of engagement with stakeholder groups (Community Action Councils, Parent Advisory Councils, Bilingual Advisory Committees, Local School Councils, etc.); and the level of supportive culture engendered by the school as measured by data sources like climate and culture surveys. Additionally, it is expected that schools include parents of ~~Diverse Learners~~ Students with Disabilities in stakeholder groups.
- c. **Theory of Action:** If the district measures and reports on these kinds of school-level activities, then schools will be incentivized to increase family and community engagement and the district will be better able to equitably provide the needed resources to ensure quality engagement district-wide.
- d. **District Accountability:** Advance funding equity by increasing targeted investments and partnerships to support our highest-need students. Leverage Local School Council members, Community Action Councils, Parent Advisory Councils, and more affinity and parent groups to help us better understand what families and partners think about our District's policies. From public community meetings and town halls, to focus groups, to one-on-one outreach, we will work to ensure we have diverse perspectives at the table to help inform future planning and build a universal support strategy that is responsive to local needs.

IV. ONGOING EVALUATION OF THIS POLICY

The district shall develop the business rules (i.e., how metrics are actually calculated) and reporting mechanisms for each of the indicators listed above consistent with all available research and information regarding best practice in terms of psychometrics, effective reporting, and other technical considerations. Additionally, said business rules and reporting mechanisms should incorporate the ideas and practices outlined in the CPS Equity Framework. Specifically, decisions about how publicly reported metrics are

calculated and reported will be made based (at least in part) on the extent to which said decisions support CPS decision makers' ability to implement the CPS Equity Framework.

In addition to discussions that consider these qualitative factors, the district shall also quantitatively assess proposed business rules and reporting mechanisms for their equity impact. Specifically, the district shall evaluate metrics and flag potential bias across the following factors:

Student Characteristics: Race; Gender; Race and Gender; Current English Learner Status (EL); Prior and Current English Learner Status (Ever EL); Economically Disadvantaged; ~~Diverse Learners~~ Students with Disabilities (i.e., students with an Individualized Education Plan and/or a 504 plan); ~~Diverse Learner~~ (i.e., student with a 504 plan); Students in Temporary Living Situations (STLS)

School Characteristics: School size; School type (Specialty, Traditional, Options, etc.); Governance/Network; Geographic Location/Region; Community; Opportunity Index Score (selected components of); Selective Enrollment; Attendance Boundary; Space Utilization; Program Density; Historic Funding (Both Capital and Operational); High Churn; Majority 1 race

In acknowledgement of the fact that there are cases where statistical bias signals a potential calculation problem and others where it signals useful information about systemic bias that decision makers should consider, the district will formulate a clear methodology of distinguishing between the two and incorporate these considerations into final decisions about metrics. The district will also develop and document for public consumption clear rationale for decisions regarding metric business rules that incorporate all of the considerations listed here in Section V.

In addition to incorporating all of the above considerations listed here in Section V for the initial design of metric business rules and reporting mechanisms, the district shall also re-evaluate metric business rules at least once every three years to ensure that metrics are continuing to meet the district's standards of equity and data integrity. In addition to equity and data integrity, this regular re-evaluation shall also consider:

- The effectiveness of district reporting of information about the indicators listed in Section III above (i.e., whether the information is presented in a manner that is easily accessed and understood by stakeholders).
- The effectiveness of district efforts to meet stakeholder learning demands regarding publicly available information about school and district quality (i.e., whether stakeholders have the requisite understanding they need to use the information the district provides).
- Whether the information the district provides is being used in the manner intended by stakeholders, including students; families; community members; school leaders; teachers; and other practitioners.

In accordance with Board resolution 22-0427-RS1, the district shall submit a report to the Board before the end of the calendar year at least once every three years inclusive of district findings of all of the above analyses, as well any recommendations for improving the policy based on said findings. The first iteration of this report will be due to the Board by December 31, 2027, and at least every three years thereafter.

V. GUIDANCE FOR IMPLEMENTATION

A. Timeline for Reporting

The Board's selection of the indicators outlined above is driven by a desire to align district practice with stakeholder priorities and needs to the extent possible and is not limited to information currently available to district leadership. As such, the Board acknowledges that information on some of the indicators described above will not be available when the district first releases updates to stakeholders in the Fall of 2024. Therefore, the deadlines for providing information to stakeholders about each of the indicators listed above are as follows:

- Indicator ED.1.a: Student Growth to Proficiency : Fall 2024
- Indicator ED.1.b: Student Proficiency : Fall 2024
- Indicator ED.1.c: ~~Diverse Learner Progress to Proficiency~~ Growth of Students who Participate in Alternate Assessments : Fall 2025
- Indicator ED.1.d: English Learner Progress to Proficiency: Fall 2024
- Indicator ED.1.e: On-Track: Fall 2024
- Indicator D.1.f: Student Growth in Math and Reading (Options and Detention Centers Only) : Summer 2025
- Indicator D.1.g: Credit Attainment (Options and Detention Centers Only) : Summer 2025
- Indicator ED.2.a: Chronic Absence: Fall 2024
- Indicator ED.2.b: One-Year Dropout Rate: Fall 2024
- Indicator D.2.c: Average Daily Attendance (Options Only) : Summer 2025
- Indicator D.2.d: Growth in Attendance (Options and Detention Centers Only) : Summer 2025
- Indicator D.2.e: Stabilization (Options Only) : Summer 2025
- Indicator D.2.f: Student Portfolio (Schools in Detention Centers Only) : Summer 2025
- Indicator D.2.g: Transition Plan (School in Juvenile Temporary Detention Center Only) : Fall 2025
- Indicator D.2.h: Transition Rate - Enrollment (School in Juvenile Temporary Detention Center Only) : Summer 2025
- Indicator D.2.i: Transition Rate - Persistence (School in Juvenile Temporary Detention Centers Only) : Summer 2025
- Indicator ED.3.a: Four-Year Cohort Graduation Rate: Fall 2024
- Indicator ED.3.b: Early College and Career Credentials: Fall 2025
- Indicator ED.3.c: College Enrollment and Persistence: Fall 2024
- Indicator D.3.d: One-Year Graduation Rate (Options and Detention Centers Only) : Summer 2025
- Indicator D.3.e: PostSecondary Pathway & Transition Enrollment (Options Schools and Students who participate in Alternate Assessment Only) : Summer 2025
- Indicator DE.1: High Quality Curriculum: Fall 2024
- Indicator DE.2: Rigorous Instruction: Fall 2025
- Indicator DE.3: Conditions for Learning and the Student Experience: Fall 2025
- Indicator DE.4: Balanced Assessment System: Fall 2025
- Indicator DE.5: Access to Postsecondary Opportunities: Fall 2025
- Indicator DE.6: Research-based Academic Interventions within a Multi-tiered System of Supports (MTSS) Framework: Fall 2025
- Indicator DE.7: Specially Designed Instruction: Fall 2025
- Indicator EF.1: Leadership Context: Fall 2025
- Indicator EF.2: School Vision and Continuous Improvement Practice: Fall 2025
- Indicator EF.3: Distributed Leadership and Teacher Leader Development: Fall 2025
- Indicator EF.4: Teachers and Staff Capacity: Fall 2025
- Indicator FG.1: Healing Centered Culture, Supports and Social-Emotional Interventions: Fall 2025

- Indicator FG.2: Inclusive and Collaborative Structures and Involved and Engaged Youth: Fall 2025
- Indicator FG.3 Fall: Out of School Time and Enrichment Opportunities: Fall 2025
- Indicator FG.4: School and Community Partnerships and Engagement: Fall 2025

Final reporting for each of the indicators should, wherever possible, take place after field testing and feedback from stakeholders have informed the design, and include guidance for interpretation and use.

B. System Coherence

The principles outlined in this policy applicable to evaluating and reporting on school and district quality and effectiveness should also be applied to the extent possible to other district continuous improvement and evaluation practices. This coherence includes the content and process for the Continuous Improvement Work Plan (CIWP); Central Office and Network strategic plans; Central Office and Network staff evaluations; principal and assistant principal evaluations; and teacher evaluations. The application of these principles to these and other key aspects of district operations will align incentives, simplify activities, and increase overall system effectiveness and coherence for practitioners and stakeholders alike.

C. Progress Monitoring and Oversight

The CEO shall provide an annual progress report on the implementation V (A) and (B) above. This report shall be provided prior to the deadlines for reporting indicators listed V (A), include defined standards and rules for those indicators, progress updates on how said indicators are being incorporated into district continuous improvement and evaluation practices in V (B) above, and other information as requested by the Board.

**ADOPT ANNUAL REVISIONS TO THE STUDENT CODE OF CONDUCT
EFFECTIVE AUGUST 26, 2024**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education (“Board”) adopt the annual revisions to the Student Code of Conduct (“SCC”) including the Addressing Bullying and Bias-Based Behavior Policy, effective August 26, 2024, which is attached hereto.

DESCRIPTION: Amendments to the current editions of these policies are summarized below:

1. Amend Policy for Pre-Kindergarten through Grade 2 students: Existing SCC groups 1 through 6 will no longer apply to students in pre-kindergarten through second grade. These amendments remove the “misconduct” framework from being applied to the needs of our earliest learners and provide a more equitable and developmental lens to their unique behavioral needs. A new behavior group has been established in the policy to better define behaviors that may impact the safety and well-being of students or adults for documentation and communication with parents/guardians for responsive intervention. These changes will improve data for transparency and district-wide responsive support for schools and families.
2. Revise Title-IX and bias-based behavior definitions and the bullying appeal process: Several updates have been made to the definitions listed in the Addressing Bullying and Bias-Based Behavior policy that are covered by or directly related to Office of Student Protections/Title IX. Amendments to the text were made to align with the most current regulations and the CPS Non-Discrimination Policy. Parent appeals of school-based bullying determinations will now be received and completed through the Office of Social and Emotional Learning instead of the Office of Student Protections.
3. Revise language in the Procedural Safeguards for Discipline of Students with Disabilities section of the policy for clarity: Language in this section was revised to increase clarity for students, parents/guardians, and school personnel on the procedural safeguards in place for students with disabilities who are being considered for suspensions of 10 days or more or expulsion. This includes the addition of information and links to better inform stakeholders of state and federally mandated procedures.

STUDENT CODE OF CONDUCT

PURPOSE

The Chicago Public Schools (CPS) Student Code of Conduct (SCC) supports our schools in maintaining safe, nurturing, participatory and productive learning environments. In order to maximize learning time and promote positive behaviors, every school must establish multi-tiered systems of support for students' social, emotional and behavioral needs. This includes developing clear expectations, teaching social-emotional competencies, and fostering positive relationships among all members of the school community. Chicago Public Schools is committed to an instructive, corrective, and restorative approach to behavior. If behavior incidents arise that threaten student and staff safety or severely disrupt the educational process, the response should minimize the impact of the incident, repair harm, and address the underlying needs behind student behaviors. In accordance with the SCC, all disciplinary responses must be applied respectfully, fairly, consistently, and protect students' rights to instructional time whenever possible.

A safe, welcoming, and productive school requires the support of all staff, students, and families.

RIGHTS AND RESPONSIBILITIES

Student Rights

- To receive a free high-quality public education
- To be safe at school
- To be treated fairly, courteously, and respectfully
- To bring complaints or concerns to the school principal or staff for resolution
- To tell their side of the story before receiving a consequence
- To be told the reason(s) for any disciplinary action verbally and in writing
- To be given information about appealing disciplinary actions
- To express opinions, support causes, assemble to discuss issues, and engage in peaceful and responsible demonstrations

Student Responsibilities

- To read and become familiar with this policy
- To attend school daily, prepare for class, and complete class and homework assignments to the best of their ability
- To know and follow school rules and instructions given by the school principal, teachers, and other staff
- To tell school staff about any dangerous behavior or bullying that occurs at school, on the way to and from school, or in the school community
- To bring to school only those materials that are allowed
- To treat everyone in the school community with respect
- To respect school property, community property, and the property of others

Parent/Guardian Rights

- To be actively involved in their child's education
- To be treated fairly and respectfully by the school principal, teachers, and other staff
- To access information about the Chicago Board of Education (Board) policies and procedures
- To be notified promptly if their child is disciplined for inappropriate or disruptive behavior and informed of the consequences assigned
- To appeal disciplinary actions taken
- To receive information about their child's academic and behavioral progress

Parent/Guardian Responsibilities

- To read and become familiar with this policy
- To make sure their child attends school regularly, on time, and to notify the school before the school day begins if their child is absent

- To give the school accurate and current contact information
- To tell school officials about any concerns or complaints respectfully and in a timely manner
- To work with the school principal, teachers, and other staff to address any academic or behavioral concerns regarding their child
- To talk with their child about the behavior expected in school
- To support their child's learning and school activities at home
- To be respectful and courteous to staff, other parents, guardians, and students
- To respect other students' privacy rights

School Staff Rights

- To work in a safe and orderly environment
- To be treated courteously and respectfully
- To bring complaints or concerns to school administration, Network and District offices
- To receive supportive professional development and resources

School Staff Responsibilities

- To explicitly teach, re-teach and model clear behavioral expectations to all students
- To actively supervise all areas of the school building and use positive strategies to redirect behavior
- To provide engaging learning activities that minimize opportunities for disruption
- To intervene early and de-escalate inappropriate behaviors
- To identify and respond effectively to students' social, emotional, and/or behavioral health needs, including referring students for additional support when necessary
- To treat everyone in the school community fairly and with respect
- For administrators to review the circumstances surrounding each situation and exercise their discretion to assign interventions/consequences in the best interest of the school community
- For administrators to apply the SCC accurately, consistently, and in a non-discriminatory manner, including providing students with opportunities to respond, notifying parent/guardians when disciplinary action is taken, and recording all disciplinary action in the District student information system

Chief Executive Officer or Designee Responsibilities

- To monitor the implementation of prevention strategies and the safety and security program in each school
- To systematically monitor and publish suspension, expulsion, and other disciplinary data disaggregated by race/ethnicity, sex, limited English proficiency, and disability
- To prepare recommendations for improving school discipline
- To create guidelines for effective school discipline
- To establish procedures for reciprocal reporting with the Chicago Police Department

GENERAL REQUIREMENTS

The SCC applies to students at all times during the school day, while on school property, while traveling to and from school, at any school-related event, on any vehicle funded by CPS (such as a school bus), and while using the CPS network.¹

The SCC also applies to student behavior outside of school if: (1) a student engages in a Group 5 or 6 behavior, and (2) the behavior disrupts or may disrupt the educational process or orderly operation of the school. This includes seriously inappropriate behavior on social networking websites that disrupts or may disrupt the educational process or orderly operation of the school.

To address ~~inappropriate student~~ behavior, school administrators must comply with the *Guidelines for Effective Discipline* which shall be issued by the Office of Social & Emotional Learning. At a minimum, a principal or their designee must:

- 1) **Redirect to correct behavior.** All adults should redirect students to correct inappropriate behavior and minimize the likelihood of the behavior escalating or recurring.
- 2) **Intervene** to minimize escalation, disruption, resolve conflict, and as necessary to keep students and staff safe. If a student has been injured, make every reasonable effort to immediately notify the parents/guardians.
- 3) **Gather information** by talking to all involved students, teachers, school staff, or others who witness the incident. When student misbehavior is reported to the school principal or designee, an investigation must begin no later than the next school day; however, if student safety is at risk, investigations must begin immediately.
 - a) Prior to gathering information, if there is an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender identity, or gender expression, contact the Office of Student Protections and Title IX ("OSP") immediately for support in following the remaining steps. OSP can be reached at (773) 535-4400.
 - b) If a search of the student, their locker, desk, or personal belongings needs to be conducted, follow the Board's Search and Seizure Policy (<http://policy.cps.edu/download.aspx?ID=190>). Identify factors that may have contributed to the incident and seek to understand the full context.
- 4) **Analyze** whether the student's alleged behavior falls within the SCC using the information gathered. If so, determine the Group level of disruption caused by the ~~inappropriate~~ behavior, identify the inappropriate behavior listed, and consider the range of possible interventions and consequences.
- 5) **Discuss** with the student and **provide the opportunity to explain** their perspective.
 - a) Inform the student of the ~~inappropriate~~ behavior they may have exhibited, the applicable SCC behavior category, and the range of possible interventions and consequences.
 - b) Allow the student to respond and explain their actions. Ask the student to explain what happened from their perspective and reflect on their actions.
 - c) Seek to understand the root cause of the behavior, including trauma or unmet social, emotional or behavioral health needs.
 - d) Make reasonable efforts to contact the parents/guardians and discuss the incident with them before assigning interventions and consequences.
 - e) No student shall be sent home before the end of the school day unless the school has established contact with the student's parent/guardian and provided written notice of a suspension.
- 6) **Make a determination and consider the needs of all parties involved.**
 - a) Determine whether it is more likely than not that the student engaged in the identified SCC ~~inappropriate~~ behavior and the intervention or consequence most likely to address the cause of the behavior.

¹ The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (<http://policy.cps.edu/download.aspx?ID=203>).

- b) Identify the social, emotional, and/or safety needs of the affected student(s) and provide appropriate supports and follow up.
- 7) **Assign interventions or consequences** according to the SCC.
- a) Identify the intervention(s) or consequence(s) most likely to address the cause of the behavior including social, emotional or trauma-related needs, repair harm, and prevent repeat behaviors.
 - b) The principal or designee has the final authority to assign interventions and consequences based on the best interest of the school community, including available school resources, and the needs and rights of all involved students or staff harmed, and the rights of the student engaged in the ~~inappropriate~~ behavior, in alignment with the SCC.
 - c) Follow the special procedures contained in the Procedural Safeguards section for students with disabilities and students with Section 504 Plans.
 - d) Avoid consequences that will remove the student from class or school, if possible. **Use out-of-school suspensions only as a last resort in accordance with the suspension guidelines on page 7.**
 - e) Note that CPS does not support the use of zero tolerance policies that require school staff to suspend or expel students for certain behaviors except if required by law. This means out-of-school suspensions cannot be a minimum or required consequence unless required by law.
 - f) If a student is suspended, the principal or their designee may choose to give the student a combination of out-of-school and skill-building in-school suspension days. The out-of-school suspension must be served first and the combined total of out-of-school and in-school suspension days must not exceed the limits available for each Group level.
 - g) School staff members must not use public disciplinary techniques and must respond to ~~inappropriate~~ student behavior as confidentially as possible.
 - h) No restrictions may be placed on food options or recess activities as a behavior consequence. Silent group lunches are expressly prohibited.
- 8) **Complete report** in the District student information system for all ~~inappropriate~~ behaviors addressed by under the SCC. Hand-deliver to the parents/guardians, mail a copy of the Pre-K to Grade 2 Behavior Letter or misconduct report to the student's home address, or email the ~~misconduct~~ report to a documented email provided by the parent/guardian.
- 9) **Inform parents/guardians of their right to appeal** if they believe that the consequence is unwarranted or excessive.
- a) The parents/guardians have the right to ask the principal to review the consequence assigned and to reconsider the decision.
 - b) If a student has received an out-of-school suspension or referred for an expulsion hearing, the parents/guardians may appeal by contacting the ~~Department of Student Adjudication~~ Office of Social and Emotional Learning Student Discipline Support Team at (773) 553-2249, ~~studentadjudication@cps.edu~~ studentdiscipline@cps.edu, or the Network Chief of Schools ("Network Chief") or their designee (contact information available at www.cps.edu/Networks). For District schools that do not have Network oversight, appeals may be made to the Office of Network Support or designee. The Network Chief or designee will review the appeal and determine:
 - whether any factual errors were made in the principal's investigation,
 - whether the documentation of the student's behavior aligns to the recorded SCC behavior category,
 - whether prior interventions were attempted when appropriate,
 - whether the length of the suspension was commensurate with the student's inappropriate behavior,
 - whether appropriate due process was given (see 5(a)-(e) on page 4), and in the case of a request for an expulsion hearing, whether the request was appropriate.

The Network Chief or designee's decision shall be final. The term of a student's suspension or request for an expulsion hearing is not halted by the parents/guardians' appeal.

- c) If a student has been expelled and referred to a SAFE Schools Alternative Program, the parents/guardians may appeal the final determination in writing and send additional evidence not available at the time of the expulsion hearing to the Chief Education Officer's designee. The decision of the CEdO or designee regarding the appeal shall be final. The start of a student's expulsion is not delayed by the parents/guardians' appeal.
- 10) **Restore** the student's participation in the school community.
- a) If the student received an out-of-school suspension for three (3) or more days, the principal or designee must develop a plan to support the student's transition back into the school community, including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs, with input from the student and parents/guardians. For more information, see *Guidelines for Effective Discipline*.
 - b) When a student is set to return from an expulsion and has been attending the Safe Schools Alternative Program, school administrators must attend a transition meeting, which should include the student, parents/guardians, and alternative school staff members, to discuss the student's return and prepare for a successful transition.

SUSPENSION GUIDELINES

Students in grades pre-kindergarten through second may NOT be assigned in-school or out-of-school suspensions. If a student age 6 or older in ~~pre-kindergarten~~ through second grade exhibits behavior that presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff, the Network Chief or designee may grant an exception and assign an emergency one-day in-school or out-of-school suspension after the student's parent/guardian has been notified. During the suspension, the principal or designee must develop a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs.

Skill-Building In-School Suspension

A skill-building in-school suspension is the removal of a student from their regular educational schedule for more than 60 minutes of the school day to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.

A student in grades third through twelfth may be assigned a skill-building in-school suspension if:

1. Skill-building in-school suspension is listed as an available consequence for the SCC behavior category, and
2. The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
3. A copy of the misconduct report (generated in the District student information system) was provided to the student's parents/guardians.

Out-of-School Suspension

An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an ~~inappropriate~~ behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades third through twelfth may be assigned an out-of-school suspension if:

1. Out-of-school suspension is listed as an available consequence for the SCC behavior category, and
2. The principal or designee determines that the student's continuing attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in the District student information system, or
3. The principal or designee determines that the student's behavior has caused chronic or extreme interruption to other students' continuing participation in school activities and prior interventions have been utilized and documented in the District student information system, and
4. The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
5. A copy of the misconduct report (generated in the District student information system) was provided to the student's parents/guardians.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school.

Out-of-school suspensions are excused absences. The principal must ensure that a student serving suspension is able to obtain homework, and upon the student's return, provided with the opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension.

A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with Network Chief approval. The student's attendance will still be marked as suspended. The Network Chief must approve any other exception to the out-of-school suspension guidelines. If approved by the CEO's designee, a student suspended for more than three (3) days may be required to attend a District-sponsored program during the term of suspension.

POLICE NOTIFICATION GUIDELINES

School administrators contact the Chicago Police Department (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of alleged illegal behavior (non-emergency situations). To prevent traumatic impacts of police arrest for children and their families, school administrators should prioritize a trauma-responsive behavioral health approach that focuses on de-escalation and restorative, mental health intervention based on student needs before considering police involvement. Administrators shall follow these guidelines when considering any police notification.

1. Emergency Situations

School administrators have the responsibility to call 9-1-1 in situations they determine to be safety emergencies that constitute **immediate threats of danger or imminent harm** to students, staff, or other individuals in the school. This includes but is not limited to:

- Active use, possession, and/or concealment of a firearm/destructive device or other weapon or “look-alikes” of weapons, or use or intent to use an object as a weapon to inflict significant bodily harm (see Reference Guide for Group 6 behaviors involving dangerous objects, weapons or look-alike weapons)
- An act of physical violence or threat of imminent harm by a student that is **in progress and unable to be safely de-escalated by school safety officers and support staff, such as restorative practitioners or clinicians**
- Bomb threat (6-4) or Arson (6-3)

In an emergency situation, administrators must make reasonable efforts to notify parents/guardians immediately after contacting CPD. Efforts to contact parents/guardians must include calling all numbers listed on an emergency form and any number supplied by the student, including leaving voice messages when possible if parents/guardians do not answer.

School administrators should immediately contact the CPS Student Safety Center at 773-553-3335 after contacting CPD in emergency situations.

2. Alleged Illegal Behavior (Non-Emergency Situations)

When a student engages in alleged illegal behavior, it may be necessary for school staff to report the act to their local law enforcement agency. In this situation, school officials contact CPD to report violations of the law.

In non-emergency situations, school officials must not contact CPD, including School Resource Officers (SRO) to request removal of a disruptive student from the school, including classrooms, common areas, and school-sponsored events.

In a non-emergency situation, administrators must do the following prior to contacting police, including School Resource Officers:

1. Call the CPS Student Safety Center (773-553-3335) to report the incident.
2. For a student in fifth (5th) grade or below, school staff shall consult with the Law Department (773 553-1700) prior to reporting the act to CPD.
3. School administrators shall consult with district officials from the Office of School Safety and Security to assess the alleged behavior and student needs using the below criteria to determine whether CPD must be notified, including the manner of notification. All CPD notifications should be recorded in Aspen within 24 hours. School and district officials should consider factors including:
 - Whether the behavior is related to a student's disability as outlined in their IEP/504. Schools can contact their ODLSS District Representative for additional support.
 - The severity of the alleged behavior and the degree of harm to people in the school community, including students and CPS staff members,

- Whether a person was physically injured as a result of the student's conduct,
 - The student's age, developmental needs, or known trauma history.
4. In the event that police must be notified, administrators shall make all reasonable efforts to contact parents/guardians prior to contacting CPD. Efforts to contact parents/guardians must include calling all numbers listed on an emergency form and any number supplied by the student, including leaving voice messages when possible if parents/guardians do not answer. All parent/guardian contact attempts must be recorded in Aspen.
 5. The school shall follow the Requirements for Police Interactions listed below for any police interaction with students on school grounds.
 6. The school principal or designee will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student's behavior.

Only school administrators and designees should follow these notification procedures. In the event that school staff who are not administrators (or designees) should need to notify the police or file a complaint against a student for an incident that occurred on school property, during school hours, or at a school-related function, staff should inform the school principal to ensure the steps outlined above are completed prior to CPD notification.

In the event that a non-CPS employee (parent, caregiver, community member) should report any allegations of illegal behaviors to school administrators, school administrators shall follow steps outlined in steps 1-3 (non-emergency situations). School administrators shall not file a law enforcement agency complaint at the behest of the non-CPS employee.

Sexual Misconduct

If school administrators are made aware of a criminal act of sexual misconduct that is in progress, they must contact CPD. When made aware of an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender, or gender expression, contact the Office of Student Protections and Title IX ("OSP") to assist in assessing whether police notification is needed at the OSP Mainline: (773) 535-4400. DCFS mandatory reporter obligations are separate from reporting to CPD and must always be followed; please consult the Policy on Child Abuse and Neglect if needed.

Requirements for Police Interactions Resulting From a Police Notification

Once school staff members contact CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority to decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. In the event that CPD must interact with students as a result of a police notification, school administrators must follow these requirements and furnish these written guidelines to the student(s) prior to any interactions with law enforcement:

- Student Rights
 - o Students have the right to refuse to speak to CPD
 - o Students can refuse to give consent to be searched by the police, including electronic devices. This may not stop the search.
 - o Students shall not be left alone with CPD at any time
 - o Students shall not be removed from the classroom or common areas of the school by CPD unless an emergency, as defined above, exists.
- Questioning/Interviews
 - o If CPD requests to interview or question a student at the school, contact the Law Department.
 - o CPS administrators must make all reasonable efforts to ensure that the student's parent or guardian is present during the questioning or, if the parent or guardian is not present, ensure that school personnel, including, but not limited to, a school social worker, a school psychologist, a school nurse, a school guidance counselor, or any other mental

- health professional, are present during the questioning. The staff member(s) present during police interviews must be someone who was not directly involved in the incident.
- o CPS administrators must make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.
 - Arrests on School Grounds
 - o School administrators, district officials, and CPD should avoid student arrests on school grounds whenever possible. If a responding police officer determines that arrest is necessary, they should coordinate with the principal or designee to find a private location out of sight and sound of other students, to the extent practicable and absent exigent circumstances.
 - o Should a student be arrested on school grounds, a school administrator or designee is required to accompany the student and arresting officer to the police station or follow. If the parent/guardian is not present, the principal must request the arresting officer that a member of the school staff accompany the student. If such permission is denied, a member of the staff must follow immediately to the place where the student is taken. The staff member who accompanies or follows the student must be someone who was not involved in the incident resulting in the arrest. The staff member must remain with the student for a reasonable time or until they are no longer needed.
 - Support for Students
 - o Schools should assess any harm identified by students and parents/guardians that results from a police notification and provide support. If police notification leads to an arrest, healing-centered, restorative re-entry support should be implemented upon the student's return to school. Schools can refer to the Restorative Re-Entry Toolkit (cps.edu/sel) for detailed resources.

STUDENT BEHAVIORS COVERED BY THE SCC

This section identifies the specific ~~inappropriate~~ behaviors for which students will receive interventions and/or consequences. The behaviors are listed in ~~six different~~ multiple groups, according to the degree of ~~impact disruption~~ to the learning environment.

- Pre-Kindergarten Through Grade 2 Behaviors
- Group 1 lists behaviors that are *inappropriate*.
- Group 2 lists behaviors that *disrupt*.
- Group 3 lists behaviors that *seriously disrupt*.
- Group 4 lists behaviors that *very seriously disrupt*.
- Group 5 lists behaviors that *most seriously disrupt*.
- Group 6 lists behaviors that are *illegal and most seriously disrupt*.

Special Notes:

Individual School Rules and Academic Progress

Individual schools may develop school rules that are consistent with this SCC and may address inappropriate student behaviors not specifically included in this SCC. However, poor academic achievement is not an inappropriate behavior. The SCC and school rules may *not* be used to discipline students for poor academic progress or failure to complete in-class and homework assignments. Instead, struggling students should be considered for academic or behavioral interventions to help them improve. Also, students must not be disciplined for the parents/guardians' refusal to consent to the administration of medication.

Supporting the Behavior of Students in Pre-Kindergarten through Grade 2

Chicago Public Schools believes that special considerations must be made when addressing the behaviors of students in grades pre-kindergarten through second grade. These special considerations include the student's age and developmental (e.g., physical, cognitive, communication, social-emotional and adaptive) capacity to understand behavior and responses. CPS staff must maintain an attuned awareness of these special considerations when responding to student behaviors and any additional impact of disabilities, trauma, or significant disruptions in family life. This awareness may include additional attention to the design of the learning environment, the role of all adults within the classroom, the intentional development of social and emotional skills, and use of healing-centered, restorative, and trauma-responsive practices. CPS staff should also ensure trusting, intentional engagement with families, given the critical role played by caregivers of our youngest students.

To support the needs of our earliest learners in pre-kindergarten through second grade, a behavior group has been established in this policy to define behaviors that impact the safety and well-being of others. It is imperative that the outlined behaviors are always understood through the lens of the special considerations listed above. Schools will prioritize documentation of the behaviors outlined in the pre-kindergarten through second grade behavior group below to ensure transparency and collaboration with parents/guardians when implementing supportive, trauma-responsive interventions that address the root causes of the student's behavior.

Cellular Phones and Other Information Technology Devices²

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. A principal may also prohibit cellular phones and other information technology devices but allow individual students to possess them for any good cause after considering a written request from a parent/guardian. If a principal denies a parent/guardian's request, the parent may appeal to the Network Chief or their designee. Unless approved by the principal, cellular phones and other information technology devices are not allowed at school.

² These include, but are not limited to: computers, cellular phones used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.

Network Privileges and Access³

A principal may request that a student's access or privileges to the CPS network be temporarily restricted, in whole or in part, as a result of SCC violations that create an unsafe learning environment or if they prevent other students from accessing their learning. These restrictions to the CPS network should not be indefinite and should be restored as soon as possible once appropriate plans are in place to ensure ongoing safety and access for all students to the greatest extent possible.

School Dress Codes and Uniform Policies

Local School Councils may adopt a dress code policy that forbids students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral. Students who fail to follow a school's dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending class. A student may receive additional consequences for violating a school's dress code or uniform policy if the student's dress disrupts or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation. This paragraph does not apply to students enrolled in Military Academies or JROTC Programs.

Bias-Based/Discriminatory Behavior

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bias-based behaviors, including racism and all forms of discrimination on the basis of actual or perceived membership of a protected category, are directly contrary to this and can cause physical, psychological, and emotional harm to students and interferes with their ability to learn and participate in school activities. Chicago Public Schools acknowledges its historic role in the systemic marginalization of individuals most impacted by racism, bias, and oppression. We seek to understand, disrupt, and dismantle patterns and structures of institutional bias and racism (conscious or unconscious) that create disparities or perpetuate achievement differences among students and staff. School administrators and designees should refer to the Addressing Bullying and Bias-Based Behavior Policy included in this handbook for instructions on addressing all allegations of bullying or bias-based behaviors by students. In the event that an investigation substantiates an allegation of bias-based behavior, school administrators or designees should assign relevant SCC codes, restorative interventions, applicable consequences, and seek to identify and disrupt the systems and structures in our schools that allow discrimination to occur.

Military and JROTC Programs

Board-designated military academies and other JROTC programs may enforce standards of conduct and intervention or consequences that are consistent with the military nature of those schools and programs, in addition to the standards of conduct and intervention or consequences described in this SCC. Students enrolled in a military academy who repeatedly engage in acts of gross misconduct or insubordination (student act that defies a lawful and appropriate direct order of a superior ranked officer, staff member or another student), or who repeatedly fail or refuse to wear the required military uniform, may be subject to administrative transfer by the military academy principal to another school (or in the case of a JROTC program, dismissal from the program). Prior to an administrative transfer, a conference must be held with the parents/guardians, student, military academy principal, and a designee of the Chief Executive Officer. Students who have been transferred for administrative reasons from any military academy must be accepted by their attendance area school. Students who have been given an administrative transfer to another Chicago public school or expelled from the Chicago Public Schools lose all rank and privileges at the JROTC military academies and must reapply to the JROTC program and the military academies for enrollment. Upon their child's enrollment at a military academy, parents/guardians

³ *The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (<http://policy.cps.edu/download.aspx?ID=203>).*

shall be informed of the uniform policy, expectations of the military academy, and the administrative transfer policy, and shall indicate by signature their agreement to adhere to the terms of these policies.

First Amendment Consideration

Consistent with students' First Amendment rights, the Board enacted its Final Comprehensive Non-Discrimination, Sexual Harassment, Sexual Misconduct, and Retaliation Policy which enforces federally mandated protections, including those under Title VI and Title IX.

Dating Violence and Domestic Violence Statement

Any school employee who is notified by a parent, guardian or student, or who suspects that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence is defined as violent, controlling, or intimidating behavior that an individual uses against a current or former dating partner. It can include emotional, physical and sexual abuse, stalking, yelling, harassing, threatening, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy and possessiveness. Domestic Violence is defined as: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant; by a person with whom the complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of Illinois; by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of Illinois. To categorize an incident as Domestic Violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

These allegations or suspicions should be reported to the Office of Student Protections and Title IX immediately. The principal shall ensure that the student victim of dating violence or domestic violence receives appropriate support services in accordance with the Board's Policy on Domestic Violence, Dating Violence and Court Orders of Protection, Restraint or No Contact (<http://policy.cps.edu/download.aspx?ID=43>).

SCC and Other Laws, Policies, Rules, and Contracts

The inappropriate behaviors and range of possible consequences and interventions listed in this policy are consistent with the Illinois School Code, Board Rules and Policies, negotiated agreements, and all other applicable state and federal laws.

The SCC applies to CPS contract and performance schools.

CPS charter schools are exempt from local school board policies under Illinois law (105 ILCS 5/27A). Charter schools may choose to adopt the SCC or establish their own discipline policies. Charter schools are not exempt from federal and most state laws, the Individuals with Disabilities Education Act (IDEA) or from federal and state regulations as they pertain to discipline of students with disabilities/impairments. If a charter school establishes its own discipline policy, it must incorporate language from and comply with the guidelines for suspension and expulsion of students with disabilities/impairments outlined in this policy. Charter schools must also comply with policies and procedures established by the Office of Diverse Learner Supports and Services for the discipline of students with disabilities. Students expelled from charter schools should contact the Department of Student Adjudication at (773) 553-2249 for assistance in enrollment into a school post-charter expulsion.

Corporal punishment is expressly prohibited. Chicago Board of Education Rule 6-21 states: "No employee of the Board of Education may inflict corporal punishment of any kind upon persons attending the public schools of the City of Chicago."

Pre-Kindergarten Through Grade 2 Behaviors

OBSERVED BEHAVIOR	RESPONSES AND INTERVENTIONS⁴
<p>P2A <u>Continual leaving the classroom or leaving the school building or school premise⁵</u></p> <p>P2B <u>Continual destruction of classroom items or school property</u></p> <p>P2C <u>Continual unwanted physical contact or any physical contact resulting in an injury</u></p> <p>P2D <u>Continual display of sexually explicit behavior, including but not limited to contact with or exposure of genitals</u></p> <p>P2E <u>Behavior that includes any bias-based speech or actions⁶</u></p> <p>P2F <u>Having a weapon, look-alike weapon, or dangerous object in school as defined in the Reference Guide</u></p> <p>P2G <u>Having any controlled substance in school</u></p>	<ul style="list-style-type: none"> ◆ <u>Documented Teacher, Student, Parent/Guardian, and/or Administrator Conference focused on root cause of observed behavior and supportive strategies to prevent recurrence</u> ◆ <u>Recommended instructive, corrective, or restorative response (see <i>Guidelines for Effective Discipline Early Grades Supplement</i>)</u>

⁴ Students in grades pre-kindergarten through second may NOT be assigned in-school or out-of-school suspensions. If a student age 6 or older in kindergarten through second grade exhibits behavior that presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff, the Network Chief or designee may grant an exception and assign an emergency one-day in-school or out-of-school suspension after the student's parent/guardian has been notified. During the suspension, the principal or designee must develop a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs.

⁵ Safety Care trained school staff will use approved Safety Care de-escalation procedures to support students in an emotionally heightened state which may cause elopement. If a student elopes from the school building or premises, Safety Care trained school staff should continue to use approved Safety Care procedures and accompany the student to ensure safety. Parents and/or guardians must be contacted immediately.

⁶ Behaviors that include bias-based content are not understood as school misconduct for students in this grade grouping, but require immediate support to ensure safe learning environments. Refer to the Addressing Bullying and Bias-Based Behavior policy in this handbook for bias-based behavior definitions. These behaviors are reported to the Office of Student Protections and Title IX to assist with identification of student needs and trauma-responsive support when required.

A student’s second time failing to provide proper identification would be recorded as a 3-5 behavior category and available consequences would include skill-building in-school suspension up to three days. A student’s third time failing to provide proper identification would be recorded as a 3-5 behavior category, repeated Group 3 inappropriate behavior, and available consequences would include skill-building in-school suspension, out-of-school suspension, or combination in-school and out-of-school suspension up to three days.

¹⁴ A gang is any ongoing organization or group of three or more persons having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity. Gang activity means any act (e.g., recruitment with use of intimidation, tagging or marking, assault, battery, theft, trespassing, or extortion) performed by a gang member or on behalf of a gang, and intended to further a common criminal objective. An overt display of gang affiliation means any act (e.g., wearing clothing or paraphernalia, displaying gang signs, symbols, and signals) that signifies or exhibits affiliation with a gang. Gang activity and overt displays of gang affiliation can be implied from the character of the acts and the circumstances surrounding the misconduct. Repeated violations of Behavior 3-9 of the SCC may result in a referral for an expulsion hearing and should be submitted as Behavior 5-6.

²⁸ A gang is any ongoing organization or group of three or more persons having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity. Gang activity means any act (e.g., recruitment with use of intimidation, tagging or marking, assault, battery, theft, trespassing, or extortion) performed by a gang member or on behalf of a gang, and intended to further a common criminal objective. An overt display of gang affiliation means any act (e.g., wearing clothing or paraphernalia, displaying gang signs, symbols, and signals) that signifies or exhibits affiliation with a gang. Gang activity and overt displays of gang affiliation can be implied from the character of the acts and the circumstances surrounding the misconduct. Consider referring students who commit 5-6 behaviors to a gang intervention program at a community-based organization.

CPS network privileges will be restored as soon as possible once appropriate plans are in place to ensure ongoing safety and access for all students to the greatest extent possible.

³⁸ “Look-alike” means any substance which by appearance, representation, or manner of distribution would lead a reasonable person to believe that the substance is an illegal drug or other controlled substance.

³⁹ Contraband means any instrument used to commit a crime or violation, and any other item, when possessing that item violates any applicable law, City ordinance, rule or policy of the Board or any individual school.

⁴⁰ It may be assumed that a student in possession of large quantities of alcohol, illegal drugs, narcotics, or controlled substances, or in possession of multiple individually-packaged amounts of alcohol, illegal drugs, narcotics or controlled substances, intends to sell or deliver these substances. Consider referring students who violate behavior 6-6 for substance abuse prevention program or counseling.

ADDRESSING BULLYING AND BIAS-BASED BEHAVIORS

Purpose

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bullying and bias-based behaviors are directly contrary to this and can cause physical, psychological, and emotional harm to students and interfere with their ability to learn and participate in school activities. It is the goal of the Chicago Board of Education ("Board") to create a learning environment in all its school communities where all students feel safe and supported, are protected from bullying and bias-based harm, and are able to succeed academically as well as develop socially and emotionally into responsible, caring individuals.

The Board asks every Chicago Public School ("CPS") student, with the support of their parent(s), guardian(s), and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

- I will not bully or intentionally harm others.
- I will try to help anyone I suspect is being bullied or harmed.
- I will work to include students who are left out.
- If someone is being bullied or harmed, I will tell an adult at school and an adult at home.

Scope

Bullying and bias-based behaviors are contrary to a number of local, state, and federal laws and statutes. This Policy protects CPS students against interpersonal harm from bullying and bias based behaviors. The Board recognizes a number of protected categories in its Final Comprehensive Nondiscrimination Policy. Please see the definition section below or in the CPS Non-discrimination Policy for the full list of protected categories. Additionally, the Board recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or are perceived to be lesbian, gay, bisexual, or transgender. Nothing in this Policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article I of the Illinois Constitution.

This Policy is based on the engagement of a range of school stakeholders, including students and parents/guardians. The Board or its designee will re-evaluate this Policy every two (2) years based on an assessment of its outcomes and effectiveness, including, but not limited to, factors such as the frequency of victimization; student, staff and family observations of safety at school; identification of areas of a school where bullying or bias-based behaviors occurs; the types of bullying or bias-based behaviors utilized; and bystander intervention or participation. The information developed will be made available on the District's website.

Bullying and bias-based behaviors are prohibited and are considered a violation of the CPS Student Code of Conduct and subject to discipline:

- (1) during any school-sponsored or school-sanctioned program or activity;
- (2) in school, on school property, on school buses or other Board-provided transportation, and at designated locations for students to wait for buses and other Board-provided transportation ("bus stops");
- (3) through the transmission of information from a CPS computer or computer network, or other electronic school equipment;
- (4) when communicated through any electronic technology or personal electronic device while on school property, on school buses or other Board-provided transportation, at bus stops, and at school-sponsored or school-sanctioned events or activities;
- (5) when it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on Board-provided transportation;
- (6) when it is a Student Code of Conduct ("SCC") Group 5 or 6 behavior that occurs off campus but most seriously disrupts any student's education.

Definitions

“Bias-Based Behavior” is any physical, verbal, nonverbal, or other act or conduct, including communications made in writing or electronically, directed toward a member or perceived member of a protected category within the school community that is of a discriminatory or harmful nature.

“Bullying” means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students, and meets all of the following criteria. *Note: if the behavior or part of the behavior is bias-based or targeted at a member of a protected category please see the responding to bias-based behaviors guidelines.*

- 1) An observed or perceived imbalance of power exists between the person(s) engaging in the bullying behavior(s) and the targeted student(s).
- 2) The behaviors are severe or pervasive (repeated over time), or there is a high likelihood that behaviors will be repeated. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the severity and if other elements of bullying are present.
- 3) The intent of the person(s) engaging in the behavior is to cause physical or emotional harm to the targeted student(s).
- 4) The behavior has or can be reasonably predicted to have one or more of the following effects:
 - (a) placing the student in reasonable fear of harm to the student's person or property;
 - (b) causing a substantially detrimental effect on the student's physical or mental health;
 - (c) substantially interfering with the student's academic performance; or
 - (d) substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. Knowingly making false accusations of bullying will be investigated and will be treated as bullying behavior that is subject to discipline under the Student Code of Conduct. This list is meant to be illustrative and non-exhaustive.

“Cyberbullying” means using information and communication technologies to bully. This definition includes cyberbullying by means of technology that is not owned, leased, or used by the school district when an administrator or teacher receives a report that bullying through this means has occurred. This Policy does not require a district or school to staff or monitor any non-school-related activity, function, or program.

“Discrimination” is treating an individual less favorably because of their actual or perceived membership in one or more of the Protected Categories.

“Harassment” is any unwelcome verbal, nonverbal, visual, or physical conduct that is based on an individual's actual or perceived membership in one or more of the Protected Categories, as defined in the Final New Comprehensive Non-discrimination, Harassment, Sexual Harassment, Sexual Misconduct And Retaliation Policy, that is persistent, pervasive, or severe and objectively offensive and unreasonably interferes with, limits, or denies an individual's educational or employment access, benefits, or opportunities. Unwelcome conduct may include, but is not limited to, bullying, intimidation, offensive jokes, slurs, epithets or name calling, assaults or threats, touching, ridicule or mockery, insults or put-downs, offensive objects or pictures, messages sent via email, text or social media, sexual advances, requests for sexual favors, conduct of a sexual nature, or any other sex-based conduct.

“Microaggressions” are the everyday verbal, nonverbal, and environmental slights, snubs, or insults, whether intentional or unintentional, which communicate hostile, derogatory, or negative messages to

~~target persons based solely upon their actual or perceived Protected Category membership such as race, sexual orientation, and gender identity (Adapted from Wing Sue, Derald. "Racial Microaggressions in Everyday Life," 2010).~~

"Protected Categories" are an individual's actual or perceived sexual orientation, gender or sex (includes gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy related medical conditions), race or ethnicity (includes hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists), ethnic group identification, ancestry, nationality, national origin, religion, color, mental or physical disability, age (~~40 and above~~), immigration or citizenship status, marital status, registered domestic partner status, genetic information, political belief or affiliation (not union related), military status, unfavorable discharge from military service, weight, height, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal (including Title VI, Title IX, IDEA, and 504), state or local law, ordinance, or regulation.

"Peer Conflict" means disagreements and oppositional interactions that are situational, immediate, and developmentally appropriate. Conflicts arise when two or more students with relatively similar observed or perceived power have differences in opinion or perspectives. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in respectful communication, personal boundaries, and peaceful conflict resolution.

"Racial Discrimination" is any distinction, exclusion, restriction ~~or preference~~ or adverse act based on race, color, community, national or ethnic origin which has the impact of nullifying or impairing the recognition, enjoyment or exercise, of a right to an equitable educational experience and fundamental freedoms in the social, economic, cultural, political, and linguistic aspects of school, school and district life (Adapted from United Nations, 2019).

"Retaliation" means any form of intimidation, reprisal, or adverse action or change to educational program or activity taken against a student for having made a complaint or report of bullying or bias based behaviors whether made internally or externally with federal, state, or local agency, or for participating, aiding, or refusing to participate in an investigation, proceeding, or hearing related to a report or complaint of bullying or bias based behaviors. Retaliation is considered to be a form of bullying and is prohibited according to this policy. All substantiated allegations of retaliation are subject to discipline under the Student Code of Conduct.

"Restorative Practices" means a continuum of school-based alternatives to exclusionary discipline that are adapted to the particular needs of the school and community, contribute to maintaining school safety, protect the integrity of a positive and productive learning climate, teach students the personal and interpersonal skills they will need to be successful in school and society, serve to build and restore relationships among students, families, schools, and communities, and reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs. Restorative practices are ways of pro-actively developing relationships and community; as well as repairing community when harm is done. After conflict or harm, Restorative Practices provide a way of thinking about, talking about, and responding to issues and problems by involving all participants to discuss their feelings and opinions, identify what happened, describe how it affected everyone, and find solutions to make things better.

Preventing Bullying and Bias-Based Behaviors

All CPS principals and staff shall work to develop safe and supportive school environments that prevent bullying and bias-based behaviors through:

- **Developing supportive school climate strategies**, including clear expectations and share agreements to guide interactions between students, and between staff and students.
- **Teaching all students social and emotional skills** and establishing classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.

- Establishing predictable responses and **effective disciplinary practices** that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.
- Committing to welcoming and inclusive practices that center belonging, affirm cultural differences, and address and support the transformation of bias-based harm

Addressing Allegations of Bias-Based Behavior

Intervening to Address Bias-Based Behavior

School based staff who witness or become aware of bias-based behaviors must immediately take the following steps:

1. Establish the safety of everyone involved. Note: If there is concern around the necessity to involve law enforcement please see the Police Notification section of the SCC.
1. Denounce the bias-based behavior as unacceptable to the values of Chicago Public Schools as well as being contrary to board policy.
2. Notify the CPS Office of Student Protections (OSP).

~~For further resources, tools, and directives please refer to the OSP Transforming Bias-Based Harm Protocols at cps.edu/osp.~~

Reporting Bias-Based Behavior

School-based staff who witness or become aware of must report any and all instances of bias-based behaviors to the principal who must complete an Aspen Report and answer the question regarding bias-based harm.

Students who experience or witness bias-based behaviors are to report these to a school-based staff member. Alternatively, students or parent/guardian can make reports directly to the Office of Student Protections and Title IX in the following ways:

- Online: Complete and submit a complaint form located at cps.edu/osp
- Via Email: Submit complaints to civilrights@cps.edu or osp@cps.edu.
- Via Telephone: Submit complaints to 773-535-4400.
- In Person or By Mail: Submit complaints directly to OSP in person or via USPS mail to 110 N. Paulina St., Chicago, 60612.

Steps for Investigating Biased-Based Behavior

Please note that it is important to follow these steps; as well as to refer to OSP's ~~Transforming Bias-Based Harm Protocols~~ Comprehensive Guide to School-Based Investigations, which include the comprehensive overview of CPS' District Response to Bias-Based Behavior as well as a school-based staff document link at cps.edu/osp.

- (1) Establish the present safety of everyone involved as well as plan for continued safety in the process.
- (2) Notify parents/guardians of all involved students.
 - a. Within one school day of receipt of a report of bias-based behavior, the Principal or Principal Designee shall report to the parent/legal guardian of all involved students the occurrence of any alleged incident of bias-based behavior and follow the guidelines provided in OSP's Transforming Bias-Based Harm Protocols and shall document these notifications in the District student information system.
 - i. Notifications should be made privately to students directly involved and their parent guardians.
 - ii. When incidents have a larger impact on the school community, the Principal or Principal Designee shall provide clear communication to students, staff, and parents to reinforce school-wide expectations of a climate centering belonging, respect, and affirmation of cultural difference.
- (2) Document all allegations of bias-based behaviors

- a. School based staff who witness or become aware of must report any and all instances of bias based behaviors to the principal who must complete an Aspen Report and answer in the affirmative the question related to bias-based and discriminatory behavior within one school day
 - b. Staff unable to access Aspen or for any questions or assistance, may contact OSP at 773-535-4400 or civilrights@cps.edu/osp@cps.edu.
- (3) Conduct an investigation as directed by OSP.
- a. After OSP is notified of biased-based behavior through an ASPEN or a direct report OSP will review the report, determine if it will be accepted as an investigation, and if applicable the type of investigation as well as provide guidance for student support:
 - i. OSP Investigation: For severe, complex, or pervasive incidents/civil rights issues an OSP investigator will be assigned to investigate the incident. An OSP investigator will respond to the school upon the OSP's decision to open the report for an OSP investigation. The OSP investigator will need access to the Student Protections School Representative, access to all parties/students involved, a private location for interviews, and all relevant evidence and documents.
 - ii. School-Based Investigation: When OSP deems an investigation is able to be carried out at the school level OSP will ask the school and its Student Protections School Representative to conduct a school-based investigation. School-based investigations are led by school administrators and/or Student Protections School Representatives. OSP will provide the school guidance. A school **must not conduct an investigation** unless directed to do so by OSP.
 - iii. Resolution Timeframe: Investigations will be completed promptly although some investigations take weeks or even months, depending on the nature, extent, and complexity of the allegations, availability of witnesses, police involvement, etc.
 - 1. OSP will make a good faith effort to complete the resolution process, not including appeals and discipline, ~~within a ninety (90) calendar day time period, which can be extended as necessary for appropriate cause by the Title IX Coordinator or Designee with notice to the parties as appropriate in a timely manner.~~
 - 2. School-based investigators will make a good faith effort to complete the investigation process after direction from OSP, not including appeals, within ten (10) calendar days which can be extended as necessary for appropriate cause by the school administrator with notice to the parties as appropriate.
 - b. Supportive Measures: In all incidents, the District will coordinate with schools to provide the parties with supportive measures which are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge ~~to the parties per the Transforming Bias-Based Harm Protocols.~~
- (4) Make a determination whether allegation of bias-based behavior is substantiated or not and document determination.
- a. OSP Investigation: OSP investigator will consider whether the behavior qualifies as an inappropriate behavior listed in the SCC and according to the definitions listed in this policy; ~~and~~ and the comprehensive nondiscrimination policy; ~~and the Transforming Bias-Based Harm Protocols~~ and will prepare a written outcome determination of the cases substantiation status. If the investigation determines a student engaged in bias-based behaviors and/or other inappropriate behaviors listed in the SCC, a written outcome determination will be prepared and the finding will be communicated to the school Principal/Designee.
 - b. School-Based Investigation: Principal/Designee shall consider whether the behavior qualifies as an inappropriate behavior listed in the SCC and according to the definitions listed in this policy as a substantiated and will prepare a written outcome determination. The Principal/Designee shall ensure the investigation and findings (whether the reported behavior is substantiated or not substantiated) are documented in the District student information system.

- c. If any investigation determines a student engaged in bias-based behaviors and/or other inappropriate behaviors listed in the SCC, the Principal/Designee shall prepare a Misconduct Report.
- (5) Notify all involved parties of the outcome of the investigation.
- a. OSP Investigation: Upon the completion of the investigation OSP will issue outcome letters to the involved students and their parent/legal guardian of the investigation status, findings, and next steps including but not limited to potential discipline by the Principal for substantiated SCC violations.
 - b. School Based Investigation: Upon the completion of the investigation, the school administrator will issue a written outcome determination to all parties stating whether the investigation was substantiated or unsubstantiated. If the case is substantiated, the school administrator will communicate any consequences pursuant to the Student Code of Conduct to student(s) determined to have engaged in SCC violations and their parents/guardians.
 - c. Regardless of the outcome of the investigation, the District will take steps to prevent the recurrence of bias-based and discriminatory behavior, as well as all misconduct covered herein, and correct any discriminatory effects on all impacted parties as appropriate.

Addressing Allegations of Bullying Behaviors

Preventing Bullying

~~All CPS principals and staff shall work to develop safe, supportive school environments that prevent bullying through:~~

- ~~● **Developing supportive school climate strategies**, including clear expectations and share agreements to guide interactions between students, and between staff and students.~~
- ~~● **Teaching all students social and emotional skills** and establish classroom and school wide practices that promote relationship building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.~~
- ~~● Establish predictable responses and **effective disciplinary practices** that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.~~

Intervening to Address Bullying

A. Responsibilities of CPS Employees and Contractors

All CPS employees and contractors, including security officers, lunchroom staff and bus drivers, who witness incidents of bullying or school violence or who possess reliable information that would lead a reasonable person to suspect that a person is a target of bullying, must:

- (1) intervene immediately in a manner that is appropriate to the context and ensures the safety of all people involved;
- (2) report the incident of bullying or retaliation to the Principal/Designee as soon as practicable, but within 24 hours, on the CPS Bullying Complaint Form (Attachment A); and
- (3) cooperate fully in any investigation of the incident and in implementing any safety plan established by the Principal/Designee.

B. Responsibilities of Students, Parents and Guardians

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal/Designee as quickly as practicable. Reports can be made to any CPS employee or contractor in person, by completing Attachment A and submitting it to the Principal/Designee, by calling the CPS Parent Support Center at (773) 553-3772, or by emailing BullyingReport@cps.edu. Anonymous reports will be accepted by the Principal/Designee. No disciplinary action will be taken on the sole basis of an anonymous report.

C. Steps for Investigating Bullying Reports

- (1) **Ensure safety.** The Principal or their designee will provide immediate support to any targeted student(s) to ensure safety. If there are overt or implied risks of safety, follow the steps in the CPS Crisis Manual, including immediately notifying the CPS Student Safety Center and the school's Network office. Alleged behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression should be reported immediately to the Office of Student Protections and Title IX for assistance and support: (773) 535-4400.
- (2) **Notify parents/guardians of all involved students.** Within one school day of receipt of a bullying report, the Principal/Designee shall report to the parent/legal guardian of all involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the District student information system.
 - a. Notifications should be made privately to students directly involved and their parent/legal guardians.
 - b. Additionally, when incidents have a larger impact on the school community, the Principal/Designee shall provide clear communication to students, staff and parents to reinforce school-wide expectations and a climate of respect and inclusion.
- (3) **Document all allegations of bullying.** Within two school days of receiving a report of bullying, the Principal/Designee will document the allegation in the District student information system as a general incident report and document all notifications made.
- (4) **Conduct an investigation.** The Principal and/or a designee, who is knowledgeable about bullying prevention and intervention, shall perform the investigation. For guidance, contact the Law Department at (773) 553-1700.

Investigation of reported bullying shall be initiated within 5 school days of receipt of a report, documented within the incident report in the District student information system, and completed within 10 school days, unless the Principal grants in writing an additional 5-day extension due to extenuating circumstances. The Principal/Designee shall document the extension in the investigation report and shall notify the parties involved.

The investigation shall include:

- a. Identifying all involved parties, including the student(s) alleged to have engaged in the bullying behaviors, alleged target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.
 - b. Conducting an individual interview in a private setting with all involved parties. The alleged target should never be interviewed in public or with the student(s) alleged to have engaged in bullying.
 - c. Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and the District student information system of the behaviors on the targeted student's education.
 - d. Assessing the individual and school-wide effects of the incident relating to safety.
- (5) **Make a determination whether allegations of bullying are substantiated or not and document determination.** The Principal/Designee shall consider whether the four elements of the bullying definition are met, or if all four elements of bullying are not present, whether the behavior qualifies as another inappropriate behavior listed in the SCC. When the investigation is complete, the Principal/Designee shall ensure the investigation and findings (whether the report of bullying is substantiated or not substantiated) are documented in the District student information system. If the investigation determines a student engaged in bullying behaviors and/or other inappropriate behaviors listed in the SCC, the Principal/Designee shall prepare a Misconduct Report.
 - (6) **Notify all involved parties of the outcome of the investigation.** Within one day of making a determination, the Principal/Designee shall notify, in writing, the parents/legal guardians of all students involved of the outcome of the investigation. Parents/legal guardians of the students who are parties to the investigation may request a personal conference with the Principal/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying.

When communicating incidents of bullying to the targeted student's parent/guardian, the Principal/Designee should consider whether the student may want to keep certain information confidential. For example, if a student is bullied after coming out as gay, the Principal/Designee shall not disclose the student's sexual orientation to the parent/guardian without the student's permission, unless there is a legitimate, school-related reason for doing so.

If the investigation determines a student engaged in bullying behaviors, the Principal/Designee shall provide the Misconduct Report to the parent/legal guardians of the student who engaged in the behaviors. The Principal/Designee may advise the parent/legal guardian of other involved students that the Student Code of Conduct was followed. They may not advise them of specific consequences imposed, as that would violate the confidentiality of school-record information required by law.

D. Determining an Appropriate Response

The goal of the response is to ensure the targeted student feels safe and welcome, and the student engaging in bullying behaviors understands the harm they caused and changes their behavior. For guidance in determining an appropriate response, contact the Office of Social & Emotional Learning at (773) 553-1830, or see cps.edu/SEL.

- (1) **Identify school risk factors and ensure a universal strategy for school climate improvement and social and emotional development.** Assess and address any issues in supervision, expectations, relationship-building, and emotional learning.
- (2) **Support the targeted student.** Assign school staff to create and implement a plan that will restore a sense of safety for the targeted student and other students who have been impacted. Determine any other interventions that may be appropriate.

If the targeted student has a disability, the school shall convene the IEP Team to determine whether additional or different special education or related services are needed to address the student's individual needs and revise the IEP accordingly. For example, if the student's disability affects social skill development or makes the student vulnerable to bullying, the Principal/Designee shall ask the student's IEP Team to consider whether the IEP should include provisions to reduce vulnerability to bullying.

- (3) **Determine interventions and/or consequences that address the root cause of the students' bullying behaviors.** Consider the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. Follow the Student Code of Conduct and the *Guidelines for Effective Discipline*, and identify opportunities to teach, build empathy, and repair harm. While suspensions may be necessary in some cases to ensure the safety of the targeted student, keep in mind that suspending or expelling students who bully does not reduce bullying behavior.

If the student who engaged in bullying behavior is a student with a disability, the school shall convene the IEP Team to determine if additional supports and services are needed to address the inappropriate behavior and develop the student's social and emotional skills. The team may also consider examining the environment in which the bullying occurred to determine if changes to the environment are warranted. For example, the IEP Team should consider a behavior intervention plan for the student or review a current behavior intervention plan and revise if necessary. The Principal/Designee shall comply with the Procedural Safeguards for Discipline of Students with Disabilities/Impairments when considering interventions and consequences for students with disabilities.

Contact the Office of Social & Emotional Learning for school-wide climate and skill-building practices that prevent bullying, and the CPS Law Department for more information about the appropriate and legal consequences for student misconduct.

- (4) For incidents that impact the larger school community, provide opportunities in safe, structured environments for affected students, staff, and/or parents to speak about the incident, its impact, and what is needed to repair the harm.

E. What Not To Do:

- Solicit an apology from the student who engaged in bullying to the targeted student or mandate a public apology, use peace circles, victim/offender conferences, or any form of mediation that puts the student who engaged in bullying in contact with the targeted student in an immediate attempt to resolve the bullying. Restorative measures may be helpful to repair relationships between the student who engaged in bullying and targeted student, but only if used after other interventions have balanced the power differential between the perpetrator and target.
- Dismiss bullying as typical student behavior or assume it is not serious.

Appeal

Any party who is not satisfied with the outcome of the investigation may appeal to the ~~Office of Student Protections and Title IX, or OSP (telephone: (773) 535-4400)~~ Office of Social and Emotional Learning Student Discipline Support Team at (773) 553-2249, studentdiscipline@cps.edu, within 15 calendar days of notification of the Principal's decision. The Office of Social & Emotional Learning shall render a final determination in accordance with the timeline and procedures set out in the anti-bullying appeal guidelines established by ~~OSP~~ the Office of Social & Emotional Learning. ~~OSP~~ The Office of Social & Emotional Learning may return the incident to the Network Chief, Principal or their designees for further investigation or reconsideration of the consequence(s), direct the imposition of other consequence(s), or deny the appeal. ~~OSP~~ The Office of Social & Emotional Learning shall notify the party requesting the appeal and the Principal that its decision is final and shall document that notification in the Incident Report in the District student information system.

Consequences for CPS Employees and Contractors

When it is determined that an employee or contractor was aware that bullying and bias-based and discriminatory behavior was taking place but failed to report it, the employee/contractor will be considered to have violated this Policy. The Principal shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Board contracts.

Notice and Dissemination of Requirements

Principals shall follow the requirements established by the Office of Social & Emotional Learning for posting this Policy on the school's website, in the school building as well as disseminating and presenting this Policy to school staff as part of pre-school-year professional development.

Training and Professional Development

Staff

Professional development will be offered to build the skills of all CPS employees, contractors and volunteers to implement this Policy. The content of such professional development shall include, but not be limited to:

1. Developmentally appropriate strategies to prevent incidents of bullying and bias-based and discriminatory behavior and to intervene immediately and effectively to stop them;
2. Information about the complex interaction and power differential that can take place between and among a perpetrator, target, and witness to the bullying and bias-based and discriminatory behavior;
3. Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk, and any specific interventions that may be particularly effective for addressing bias-based bullying; and
4. Information about Internet safety issues as they relate to cyberbullying.

Student Internet Safety Education

In accordance with the Board's Internet Safety Policy (<http://policy.cps.edu/download.aspx?ID=261>), each school shall incorporate into the school curriculum a component on Internet safety to be taught at least once each school year to all students. The Chief Officer of Teaching and Learning or designee, shall determine the scope and duration of this unit of instruction and topics covered. At a minimum, the unit of instruction shall address: (a) safety on the Internet; (b) appropriate behavior while online, on social media platforms and in chat rooms; and (c) cyberbullying awareness and response. The age-appropriate unit of instruction may be incorporated into the current courses of study regularly taught. Schools shall satisfy the documentation requirements established by the Chief Officer of Teaching and Learning or designee to ensure compliance with this curricular requirement.

PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS⁴³

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with non-disabled peers to the same extent as specified in the IEPs, in school suspensions and lunch detentions do not count toward the 10-day limit. **Schools must support the behavioral needs of students with disabilities/impairments.** When the behavior of a student with a disability/impairment impedes their learning or the learning of other students, federal law requires schools to consider using positive behavioral interventions and to implement appropriate supports and other strategies to address the behavior.

Students with disabilities/impairments who violate the SCC can be disciplined, consistent with the procedural safeguards⁴⁴ outlined under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973. School officials can suspend students with disabilities/impairments for up to 10 consecutive or 10 cumulative school days in one school year (inclusive of Extended School Year (ESY) days). Educational services do not have to be provided to students with disabilities/impairments during these short-term removals unless services are provided to general education students under similar circumstances.

Calculating the 10 school-days of suspension.⁴⁵ When a student with a disability/impairment is removed from school for a full or partial day without receiving the instruction/services in their IEP/504 Plan, this can contribute to the 10 school-days of suspension. This can include:

- In-school suspensions;
- Out-of-school suspensions;
- Bus suspensions; and
- Informal removals (e.g., requesting that a parent pick a student up early or keep a student home from school following a disciplinary incident).

The following removals do not count toward the 10 school-days:

- Saturday, before-, and after-school detentions; and
- In-school suspensions and lunch detentions if, during the suspension or detention, the student continues to participate in the general education curriculum, continues to receive their IEP services, and continues to participate with non-disabled peers to the same extent as specified in the IEPs.

Administrators are not required to suspend students with disabilities/impairments for the recommended periods set forth in this Code for a single incident. Specifically, the Principal or their designee has discretion to suspend students with disabilities/impairments for fewer days than set forth for a single incident. Federal regulations offer some flexibility in suspending students with disabilities/impairments in excess of 10 school days in one school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Office of Diverse Learner Supports and Services (773 553-4995/1800) is **absolutely**

⁴³ For purposes of student discipline, "students with disabilities/impairments" includes (i) students with IEPs, (ii) students with 504 Plans, and (iii) students who, at the time of the misconduct: have an open referral for a special education evaluation or one has been requested (by the parent/guardian or District personnel); are in the process of a special education evaluation; have a need for special education based on their academic and/or behavioral performance; or the parent/guardian has expressed concerns in writing that special education and related services may be needed.

⁴⁴ See the ISBE Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities for additional information about procedural safeguards for discipline of students with disabilities/impairments found at <https://www.isbe.net/Pages/Special-Education-Required-Notice-and-Consent-Forms.aspx>

⁴⁵ For additional information about disciplinary removals for students with disabilities/impairments, what contributes to the 10 school-days of suspension, and informal removals, see the Office of Diverse Learner Supports and Services IDEA Procedural Manual which is available at [cps.edu/odlss](https://www.cps.edu/odlss). See also the ISBE Position Statement on Informal Removals of Illinois Students at <https://www.isbe.net/Documents/ISBE-Position-Statement-Informal-Removals-of-Students.pdf>.

~~necessary~~required. ~~Without such consultation approval from the Office of Diverse Learner Supports and Services, the 10 school day limit on out of school suspensions will continue to apply~~students with disabilities/impairments cannot be suspended in excess of 10 school days. A school may not suspend a student with a disability/impairment for more than 10 consecutive or cumulative school days in one school year without providing appropriate educational services per the Student's IEP/504 Plan.

When school officials anticipate a referral for expulsion, including referrals requesting emergency placement pursuant to the CPS SCC, the following apply:

1. School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of a Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing or emergency placement. School must also provide parent/guardian/surrogate parent with a written copy of the ~~Notice of Procedural Safeguards~~Illinois State Board of Education's Notice of Procedural Safeguards for Parents/Guardians of Students with Disabilities.
2. ~~At the MDR, the~~ IEP/504 team must:
 - A. Determine whether the misconduct is a manifestation of the student's disability by reviewing all current and relevant information in the student's file, including the student's IEP/504 Plan, evaluation and diagnostic results, information from the parent/guardian, and teacher/staff observations of the student, ~~and the student's IEP~~. The behavior is a manifestation of the student's disability if the team finds either or both of the following:
 - 1) the conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability; ~~and/or~~
 - 2) the conduct in question was the direct result of the school's failure to implement the student's IEP/504 Plan (which includes if the student did not consistently receive all services/supports in their IEP/504 Plan)
 - B. Review, and revise if necessary, the student's existing behavior intervention plan (BIP) or develop a functional behavior assessment (FBA/BIP) and BIP to address the ~~misconduct~~behavior. ~~The behavior intervention plan must address the misconduct for which the student is being disciplined.~~

If the behavior is not a manifestation of the student's disability, school officials may apply the SCC, ~~taking into consideration the student's special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services to the extent they would for students without disabilities, but must continue to provide the student with educational services per their IEP/504 Plan if the removal exceeds 10 school days in one school year. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.~~

If the behavior is a manifestation of the student's disability, a disciplinary change in placement (e.g., expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

While MDRs must be held within 10 school days of a request for emergency placement, students with disabilities/impairments can be emergency placed immediately upon approval of the emergency placement, even if this occurs prior to the MDR. Emergency placements for students with disabilities/impairments can be approved in limited circumstances⁴⁶ for up to 45 school days regardless of the results of the MDR.

⁴⁶20 U.S.C. 1415(k)(1)(G) and 34 C.F.R. 300.530(g) list the special circumstances in which a student with a disability can be placed in an interim alternative educational setting for no more than 45 school days: (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function; (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

All MDRs are subject to review by the Department of Procedural Safeguards and Parental Supports Office of Diverse Learner Supports and Services (ODLSS) and CPS Legal Department.

REFERENCE GUIDE FOR GROUPS 4, 5 AND 6 BEHAVIORS INVOLVING DANGEROUS OBJECTS, WEAPONS OR LOOK-ALIKE WEAPONS

SECTIONS 4-13 AND 5-11

If a student simply has any of these objects in his or her possession, but does not use them, (s)he should be recorded to have violated Section 4-13 of the SCC for a first-time violation or 5-11 of the SCC for a second or repeated violation. *If a student uses, or intends to use, any of these objects to inflict harm on someone, the student should be recorded to have violated Section 6-1.*

Pens/Pencils
Rulers
Padlocks/Combination locks
Other objects commonly used for educational purposes

EXPULSION HEARING AND EMERGENCY ASSIGNMENT GUIDELINES

Request for Expulsion Hearing

- Expulsion is the removal of a student from school for 11 or more consecutive days, up to a maximum of two calendar years.⁴⁷
- If a student's inappropriate behavior falls within Group 5 of the SCC, a school principal *may* request an expulsion hearing for the student. A school principal may also request assignment to an intervention program.
- If a student's inappropriate behavior falls within Group 6 of the SCC, the incident will be automatically referred for Department of Student Adjudication review for a student in 6th through 12th grade or for any student violating section 6-1; a school principal *may* request an expulsion hearing for a student committing any other Group 6 behavior.
- The CEO's designee will review the expulsion hearing request and determine whether to refer the student to the Law Department for an expulsion hearing, assign the student to an intervention program, or refer the student back to the school for intervention/support.

Emergency Assignment to Interim Alternative Education Setting

- Students who commit Groups 5 or 6 misconducts may be assigned to an interim alternative education setting on an emergency basis ("emergency assignment") while a request for an expulsion hearing is pending without being given the opportunity for a hearing before an independent hearing officer.
- Requests for emergency assignment must be approved, facilitated, and implemented by the CEO's designee. The CEO's designee may request additional information when considering requests for emergency assignment.
- General education students may be placed in an interim alternative education setting if their presence at the home school poses a continuing danger to people or property, or an ongoing threat of disruption to the academic process. The student will be assigned to the Safe Schools Alternative Program until the expulsion final determination is issued.
- Students with disabilities may be placed in an interim alternative educational setting for a maximum of 45 school days,⁴⁸ even in instances where the student's misconduct is ultimately determined to be a manifestation of his or her disability. Students with disabilities may be referred for emergency assignment when in possession of weapons or drugs, or for inflicting serious bodily injury on another person while on school grounds or at a school-sponsored event. The parent or legal guardian may request a due process hearing to challenge the emergency assignment.

Expulsion Hearing Procedures

- The Law Department will schedule expulsion hearings and send parents/guardians a notice letter within a reasonable time frame. The notice will provide a description of the incident, the date of the incident, the SCC inappropriate behavior code(s), and the place, time and date for the expulsion hearing. The notice will be sent by registered or certified mail, or by personal delivery.
- Before the hearing, school principals are responsible for assisting the Law Department with case preparation by identifying witnesses and relevant documents, and reviewing all documentation regarding the incident to ensure it is complete, accurate, and properly written.
- The hearing will be conducted before an independent hearing officer. The Chief Executive Officer's representatives will call witnesses to testify and introduce documents regarding the incident. The student may also call witnesses to testify and introduce documents regarding the incident.

Expulsion Final Determination

- After the hearing, the hearing officer will make a recommendation for intervention or discipline, up to expulsion for a set term of up to two calendar years.
- The hearing officer's recommendation may be modified on a case-by-case basis by the Chief Executive Officer or designee.

⁴⁷ This definition does not apply to exclusion of a student from school for failure to comply with immunization requirements or temporary emergency placement.

⁴⁸ "School days" means days (including partial days) that the District is open for students to attend school, not days that the individual student who is emergency placed attends school. For a student with disabilities who is eligible for Extended School Year (ESY), "school days" also includes ESY days.

- If a student is expelled, alternative program placement may be offered for the period of the expulsion.
- The hearing officer may recommend that the student attend an intervention program in lieu of expulsion. A recommendation ~~to~~for intervention is subject to approval by the Chief Executive Officer or designee. A student who is recommended for participation in the intervention program in lieu of expulsion but who fails to successfully complete the program shall be expelled.
- During a term of expulsion, students may not participate in extracurricular activities or school-sponsored events, with the exception of activities or events sponsored by the student's alternative program.

Transition when Expulsion Complete

- When a term of expulsion is completed, the student will be transferred to their home school.
- For students attending the Safe Schools Alternative Program, a transition meeting, including the student, parents/guardians, alternative school staff members, and home school staff members, will be scheduled to discuss the student's transition back into the home school environment.
